Annual Income Growth

Annual PAT Growth

Letter from the Managing Director

Dear Shareholders,

My sincere wishes that each of you is safe and healthy. With immense pleasure I am pleased to present you Everest's Annual Report 2020-21

FY 2020-21 was different in every aspect and held more than its fair share of challenges by any measures. As the world reeled under the coronavirus pandemic that disrupted our collective sense of the normal, we saw crisis of unprecedented nature and effect. It was a year of a global pandemic, unprecedented government actions and lockdown. It is a health crisis of the kind that we have not seen in generations but I am confident that we will eventually get it under control, but until then, I urge you to stay safe, follow covid discipline, get vaccinated if you are eligible and keep your spirits up.

On the business front, watching events unfold throughout the year, we were keenly focused on what we, as a company, could do to serve the community. As I begin this annual letter to shareholders, I am proud of what our company, our team and employees achieved collectively weathered the pandemic very well and made significant all round progress during the year. In this current challenging business environment, the company delivered exceptional results.

We closed the year with strong growth across all our key products as well as new products and markets thereby significantly strengthening our profitability and balance sheet. On the revenue side, your company has continuously witnessed a sturdy revenue growth of 8.27% and I am happy to share that even in the pandemic situation we closed the year on a very strong note. We further achieved considerable progress in our R&D endeavours which fills our hearts and minds with considerable satisfaction and we will continue to progress our existing assets further along the development path while having continued focus for enhancement on anti-viral segment. We have developed and commercialised the much needed COVID-19 drugs (API) such as Oseltamivir, Remdisivir and Posaconazole and these are now ramping up to a meaningful share. It further strengthens our commitment towards R&D challenges and develops new products such as Aprepitant and Bilastine in future

It was a remarkable year from the financial front with a significant growth in the revenue and profit margin of the Company. There was a significant enhancement in export turnover to the tune of 25% and earning per shares grew by 25.86% over the previous year. This is the third consecutive year in the row Company is sharing the wealth by declaring dividend to the shareholders. The dividend of 15% is paid during the year.

We are determined to come out stronger from this pandemic than we have ever been. I would like to express my heartfelt appreciation to the entire team of Everest for their unflinching commitments and dedication, Board members for their supervision and directions and partners, bankers, wider stakeholder community and customers for their continued trust, confidence and support. I am more optimistic than ever of the enormous opportunity ahead of us and we look forward to a successful year ahead

Stay safe. Stay healthy.

With best regards,

Dr. Srikarlapudi Srihari Raju
Managing Director

Message from Director

Dr. Srikakarlapudi Sirisha, Director

Everest Organics Limited is an Indian Enterprise moulded with Global Aspirations, which has always demanded a preparedness and long term organisational vision that can encompass the turbulences and paradoxes of shifting terms and terrains of business. Hence in the face of COVID-19 challenges EOL has evolved through.

I believe that at EOL, we have always reflected on the DNA of our Company. We understand what we are good at and how to excel in the Anti-ulcer segments. Among the multitude of opportunities EOL embraced to enter big time into the regulated markets and in that direction filed for 3 ICEP and 1 USDMF.

On the Revenue side, the Company has closed FY 2020-21 at a very positive note with new products like Oseltamivir, Rivoroxaban being commercialised. We have commercialised COVID-19 drug like Remdesivir and Black fungus drugs like Posaconazole on a good note. On the Manufacturing side, in addition to the existing capacity, we are constructing a new block with 100,000 kg capacity to cater to the increasing market demands.

As part of forward integration we intend to set up a pellets unit for which the R&D centre has already been set up. As we move to FY 22, we intend to maintain growth momentum and sage ahead. EOL intends to imbibe innovation and sail through all uncertain business environments by working on our alliances like customers and suppliers over the course of time.

R&D Expansion

Everest Organics Limited has undertaken to innovate and introduce new products & services to our clientele the goal being to typically take new products & services to market and add to company's bottom line and stay ahead in the competition.

With this zeal since 3 years we have been adding multiple drugs to our portfolio. Our R&D space accommodates for new products as well as existing products process improvements. We have launched COVID – 19 treatment drugs like Remdesivir, Posaconazole to our new product portfolio.

Everest endeavours to spend about 2% of its revenue towards Research & Development activities in FY 2021-22 in order for it to be competitive in the market.

Upcoming New Block

In this competitive landscape of pharmaceutical industry, flexibility & speed to market entry are few of the challenges we need to overcome. In this pursuit we have taken up construction of a new block for our new and existing API and intermediates capacity enhancement. It covers a total of 25000 sqft., and 100 tonnes per annum capacity with state of the art facility meeting the regulated marker norms.

The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.

**NOTICE**

7. The AGM is being convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
8. In continuation of this Ministry's General Circular No. 20/2020, dated 05th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January13, 2021.

INTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING:

- (i) The e-voting period begins on Wednesday, September 15, 2021 at 09:00 hrs and ends on Friday, September 17, 2021 at 17:00 hrs. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. Friday, September 10, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote during the meeting.
- iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Except Mr. Akella Parvathisem, none of the other Directors and Key Managerial Personnel of the Company or their relatives is, in any way concerned or interested, financially or otherwise, in the said resolution.

Item No. 10 & 11:

The existing borrowing limit for the Company was approved by the members in their 25th Annual General Meeting held on September 28, 2018, pursuant to the provisions of Section 180(1) (c) and Section 180(1)

**EXPLANATORY STATEMENT**

(a) of the Companies Act, 2013. The current borrowing limit as approved by the shareholders is INR 100 Crores (Rupees One Hundred Crores).

Hence, considering the business plans and the growing fund requirements of the Company, the Company may need to borrow in excess of the paid-up capital and free reserves to meet the corporate and working capital requirements. Thus, it is proposed to increase the existing borrowing limit of the Company from INR 50 crores to INR 100 crores. The approval of the shareholders by way of special resolution is required for borrowing in excess of paid-up capital and free reserves and to create charge on the assets of the Company pursuant to Section 180(1) (c) and Section 180(1) (a) of the Companies Act, 2013 and rules made thereunder.

The Board recommends the Special resolution set forth in Item No. 10 & 11 of the Notice for approval of members.

None of the Directors, Key Managerial Personnel of the Company and their relatives is, in any way concerned or interested, financially or otherwise in the said resolution.

Item No. 12:

The Board, on the recommendation of the Audit Committee, has approved the re-appointment of "PKR & Associates, LLP", Cost Accountants (FRN: AAB7156), as Cost Auditors at a remuneration of Rs. 3,00,000/- (Rupees Three Lakhs only) per annum plus out of pocket expenses and applicable taxes, to conduct the audit of the cost records of the Company for the financial year ending March 31, 2022.

In accordance with the provisions of the Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the cost auditors has to be ratified by the members of the Company.

Accordingly, the consent of the members is sought for passing an ordinary resolution as set out at item no. 12 of the Notice for ratification of remuneration payable to the Cost Auditors for the financial year ending March 31, 2022.

The Board recommends the Ordinary resolution set forth in item no. 12 of the Notice for approval of the members.

None of the Directors, Key Managerial Personnel of the Company and their relatives is, in any way concerned or interested, financially or otherwise in the said resolution.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

The information is required in compliance of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and forming a part of the Boards' Report for the year ended March 31, 2021 and has to be read in Conjunction with the Company's financial statements, which follows this Section. The management of the company is presenting herein the overview, opportunities and threats, initiatives by the Company and overall strategy of the company and its outlook for the future. This outlook is based on management's own assessment and it may vary due to future economic and other future developments in the country.

INDUSTRY STRUCTURE & DEVELOPMENTS:

India is the largest provider of generic drugs globally. Indian pharmaceutical sector supplies over 50 per cent of global demand for various vaccines, 40 per cent of generic demand in the US and 25 per cent of all medicine in the UK. Globally, India ranks third in terms of pharmaceutical production by volume and fourteenth by value. The domestic pharmaceutical industry includes a network of 3,000 drug companies and ~10,500 manufacturing unit.

Indian drugs are exported to more than 200 countries in the world, with US being the key market. Generic drugs account for 20% of the global export in terms of volume, making the country the largest provider of generic medicines globally. It is expected to expand even further in the coming years. The Indian pharmaceutical exports, including bulk drugs, intermediates, drug formulations, biologicals, Ayush & herbal products and surgical, reached US\$ 24.44 billion in FY21.

India enjoys an important position in the global pharmaceuticals sector. The country also has a large pool of scientists and engineers with a potential to steer the industry ahead to greater heights. Presently, over 80 per cent of the antiretroviral drugs used globally to combat AIDS (Acquired Immune Deficiency Syndrome) are supplied by Indian pharmaceutical firms.

The Company was operating in the Chemical industries, mainly engaged in the manufacturing of Active Pharmaceutical Ingredients and Intermediaries. Financial Year 2020-21 was an extraordinary year in all aspects. The Directors from time to time has always considered the proposal for diversification into the areas which would be profitable for the Company. Going ahead your Directors are expecting better industrial development in the coming years.

MARKETING & MARKET SIZE:

According to the Indian Economic Survey, 2021, the domestic market is expected to grow 3x in the next decade. India's domestic pharmaceutical market is estimated at US\$ 42 billion in 2021 and likely to reach US\$ 65 billion by 2024 and further expand to reach ~US\$120-130 billion by 2030.

India's medical devices market stood at US\$ 10.36 billion in FY20. The market is expected to increase at a CAGR of 37% from 2020 to 2025 to reach US\$ 50 billion.

'Pharma Vision 2020' by the Government's Department of Pharmaceuticals aims to make India a major hub for end-to-end drug discovery. The Indian drugs and pharmaceuticals sector has received cumulative FDI inflows worth US\$ 17.75 billion between April 2000 and December 2020.

To achieve self-reliance and minimise import dependency in the country's essential bulk drugs, the Department of Pharmaceuticals initiated a PLI scheme to promote domestic manufacturing by setting up greenfield plants with minimum domestic value addition in four separate 'Target Segments' with a cumulative outlay of Rs. 6,940 crore (US\$ 951.27 million) from FY21 to FY30.

India's biotechnology industry comprising biopharmaceuticals, bio-services, bio-agriculture, bio-industry, and bioinformatics. The Indian biotechnology industry was valued at US\$64 billion in 2019 and is expected to reach US\$150 billion by 2025.

India's drugs and pharmaceuticals exports stood at US\$ 24.44 billion in FY21.

OUTLOOK: Global API Sector

The global Active Pharmaceutical Ingredient (API) market reached a value of US\$ 200.6 Billion in 2020. The global demand of APIs is currently exhibiting string growth. Medicines prescribed in the US and Europe are as

**MANAGEMENT DISCUSSION & ANALYSIS REPORT**

likely to contain an API made in Asia as one manufactured locally. The global API supply chains extend around the world.

The Indian bulk drug industry has progressed from being perceived as an industry manufacturing simple API molecules to becoming the preferred destination for high value and complex APIs. India's API industry is ranked the third largest in the world, and the country contributes approximately 57% of APIs to pre-qualified list of the WHO – its highly fragmented nature erodes its competitive positioning globally.

The backbone of Indian pharmaceutical industry is the bulk drugs/API industry, and in the past, a well-developed bulk drugs manufacturing sector ensured that India remained self-dependent for its intermediates and active pharmaceutical ingredients (APIs). However, over the past two decades, India's reliance has grown for imports of low-cost intermediates and APIs. Over-dependence on imports has increased the threat to the nation's health security as some of these APIs are crucial to mitigate India's growing disease burden categories, such as cardiovascular diseases, Diabetes and Tuberculosis. The import of APIs has risen at a CAGR of 8.3% from 2012 to 2019 and the bulk drug import reached a value of US\$ 249 billion in 2019. Currently, India imports nearly 68% of API, by value, from China. The latter is also a single supplier for many of the critical intermediaries and APIs including high-burden disease categories.

More recently, the coronavirus related supply chain interruptions have further highlighted the vulnerabilities in the drug supply chain. Hence, there is an urgent need to improve India's self-sufficiency and boost domestic manufacturing to achieve global leadership.

INVESTMENTS AND RECENT DEVELOPMENTS:

The Union Cabinet has given its nod for the amendment of existing Foreign Direct Investment (FDI) policy in the pharmaceutical sector in order to allow FDI up to 100 per cent under the automatic route for manufacturing of medical devices subject to certain conditions.

The drugs and pharmaceuticals sector attracted cumulative FDI inflow worth US\$ 17.75 billion between April 2000 and December 2020 according to the data released by Department for Promotion of Industry and Internal Trade (DPIIT).

Some of the recent developments/investments in the Indian pharmaceutical sector are as follows:

- In May 2021, the Government of India invited R&D proposals on critical components and innovations in oxygen concentrators by June 14, 2021.
- In May 2021, Indian Immunologicals Ltd. (IIL) and Bharat Immunologicals and Biologicals Corporation (BIBCOL) inked technology transfer pacts with Bharat Biotech to develop the vaccine locally to boost India's vaccination drive. The two PSUs plan to start production of vaccines by September 2021.
- In May 2021, Eli Lilly & Company issued non-exclusive voluntary licenses to pharmaceutical companies – Cipla Ltd., Lupin Ltd., Natco Pharma & Sun Pharmaceutical Industries Ltd. – to produce and distribute Baricitinib, a drug for treating COVID-19.
- In April 2021, the CSIR-CMERI, Durgapur, indigenously developed the technology of Oxygen Enrichment Unit (OEU). The unit can deliver medical air in the range of ~15 litres per minute, with oxygen purity of >90%. It transferred the technology to MSMEs—Conquerent Control Systems Pvt. Ltd., A B Elasto Products Pvt. Ltd. and Automation Engineers, Mech Air Industries and Auto Malleable.
- In April 2021, National Pharmaceutical Pricing Authority (NPPA) fixed the price of 81 medicines including off-patent anti-diabetic drugs allowing due benefits of patent expiry to the patients.
- In February 2021, Aurobindo Pharma announced plans to procure solar power from two open access projects of NVNR Power and Infra in Hyderabad. The Company will acquire 26% share capital in both companies with an US\$ 1.5 million investment. The acquisition is expected to be completed by the end of the March 2021.
- In February 2021, the Telangana government partnered with Cytiva to open a 'Fast Trak' lab to strengthen the biopharma industry of the state.
- In February 2021, Glenmark Pharmaceuticals Limited launched SUTIB, a generic version of Sunitinib oral

**MANAGEMENT DISCUSSION & ANALYSIS REPORT**

capsules, for the treatment of kidney cancer in India.

- In February 2021, Natco Pharm launched Brivaracetam for the treatment of epilepsy in India.
- In February 2021, the Russia Ministry of Health allowed Glenmark Pharmaceuticals to market its novel fixed-dose combination nasal spray in Russia.
- In January 2021, the Central Government announced to set up three bulk drug at a cost of Rs. 14,300 crore (US\$ 1,975 million) to manufacture chemical compounds or active pharmaceutical ingredients (APIs) for medicines and reduce imports from China.

GOVERNMENT INITIATIVES:

Some of the initiatives taken by the Government to promote the pharmaceutical sector in India are as follows:

- To achieve self-reliance and minimize import dependency in the country's essential bulk drugs, the Department of Pharmaceuticals initiated as PLI scheme to promote domestic manufacturing by setting up greenfield plants with minimum domestic value addition in four separate 'Target Segments' with a cumulative outlay of Rs. 6,940 crore (US\$ 951.27 million) from FY21 to FY30.
- In May 2021, under Atmanirbhar Bharat 3.0, Mission COVID Suraksha was announced by the Government of India to accelerate development and production of indigenous COVID vaccines. To augment the capacity of indigenous production of Covaxin under the mission, the Department of Biotechnology, Government of India, provided financial support in the form of a grant to vaccine manufacturing facilities for enhanced production capacities, which is expected to reach >10 crore doses per month by September 2021.
- In April 2021, the Union Government decided to streamline and fast-track the regulatory system for COVID-19 vaccines that have been approved for restricted use by the US FDA, EMA, UK MHRA, PMDA Japan or those listed in the WHO Emergency Use Listing (EUL). This decision is likely to facilitate quicker access to foreign vaccine by India and encourage imports.
- In February 2021, the Punjab government announced to establish three pharma parks in the state. Of these, a pharma park has been proposed at Bathinda, spread across~1,300 acers area and project worth ~Rs. 1,800 crore (US\$ 245.58 million). Another medical park worth Rs. 180 crore (US\$ 24.56 million) has been proposed at Rajpura and the third project, a greenfield project, has been proposed at Wazirabad, Fatehgarh Sahib.
- Under Union Budget 2021-22, the Ministry of Health and Family Welfare has been allocated Rs. 73,932 crore (US\$ 10.35 billion) and the Department of Health Research has been allocated Rs. 2,663 crore (US\$ 365.68 million). The government allocated Rs. 37,130 crore (US\$ 5.10 billion) to the 'National Health Mission'. PM Aatmanirbhar Swasth Bharat Yojana was allocated Rs. 64,180 crore (US\$ 8.80 billion) over six years. The Ministry of AYUSH was allocated Rs. 2,970 crore (US\$ 407.84 million), up from Rs. 2,122 crore (US\$ 291.39 million).

Medicine spending in India is projected to grow 9-12 per cent over the next five years, leading India to become one of the top 10 countries in terms of medicine spending.

Going forward, better growth in domestic sales would also depend on the ability of companies to align their product portfolio towards chronic therapies for diseases such as cardiovascular, anti-diabetes, anti-depressants and anti-cancers, which are on the rise.

The Indian Government has taken many steps to reduce costs and bring down healthcare expenses. Speedy introduction of generic drugs into the market has remained in focus and is expected to benefit the Indian pharmaceutical companies. In addition, the thrust on rural health programmes, lifesaving drugs and preventive vaccines also augurs well for the pharmaceutical companies.

OPPORTUNITIES AND THREATS:

The SWOT analysis of the industry reveals the position of the Indian pharmaceutical industry in respect to its internal and external environment.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****a) Strengths**

- Well-developed chemistry, R&D and manufacturing infrastructure with proven track record in advance chemistry capabilities, design of high tech manufacturing facilities and regulatory compliance.
- Strong technical, finance and administrative expertise in pharma industries along with strong marketing and distribution network.
- Higher GDP growth leading to increased disposable income in the hands of general public and their positive attitude towards spending on healthcare.
- Low-cost, highly skilled set of English speaking labour force and proven track record in design of high technology manufacturing devices.
- Healthy domestic market with rising per capita expenditure. Low cost of innovation, manufacturing and operations.
- Strong focus by the Government. Adherence to global standards, high quality documentation and process understanding.
- Adequate health insurance coverage.

b) Weaknesses

- Stringent pricing regulations affecting the profitability of pharma companies.
- Lack of ability to compete with MNCs for New Drug Discovery, Research and commercialization of molecules on a worldwide basis due to lack of resources
- Poor all-round infrastructure is a major challenge.
- Low investments in innovative R & D.
- Presence of more unorganised players versus the organized ones, resulting in an increasingly competitive environment, characterised by stiff price competition.

c) Opportunities

- Global demand for generics rising. High scope in Research & Development sector
- Rapid OTC and generic market growth. Significant export opportunities.
- Increased penetration in the non - metro markets.
- Large demand for quality diagnostic services.
- Significant investment from MNCs.
- Public-Private Partnerships for strengthening Infrastructure.
- Opening of the health insurance sector and increase in per capita income - the growth drivers for the pharmaceutical industry.
- India, a potentially preferred global outsourcing hub for pharmaceutical products due to low cost of skilled labour.

d) Threats

- Global Competition. Narrow margin of Profits.
- Increasing Stringency on Quality.
- Increasing CGMP regulatory requirement compliances leads to more and more investments.
- Wage inflation.
- Government expanding the umbrella of the Drugs Price Control Order (DPCO).
- Other low-cost countries such as China and Israel affecting outsourcing demand for Indian pharmaceutical products
- Entry of foreign players (well equipped technology-based products) into the Indian market.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT**

The Company is seriously contemplating for both forward and backward integration. The Company is also actively perusing assets/stress-assets which will add immediately value to the Company's motto. The Company is determined to have a forward integration into palletisation and lyophilisation in near future along with backward integration in intermediates through acquisition or new exposition projects.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

The Company has an adequate system of internal controls comprising authorization levels, supervision, checks and balance and procedures through documented policy guidelines and manuals, which provide that all transaction are authorized, recorded and reported correctly and compliance with policies and statutes are ensured. The operational managers exercise their control over business processes through operational systems, procedural manual and financial limits of authority manual, which are reviewed and updated on an ongoing basis to improve the systems and efficiency of operations. The Company place prime importance on an effective internal audit system. The Internal Control System is supplemented by internal audit, regular review by the management and well documented policies. The Company has an independent Internal Audit System to monitor the entire operations and services. The top management and Audit Committee of the Board review the findings of the Internal Auditor and takes remedial actions accordingly.

RISKS AND CONCERN:

The pharmaceutical industry faces challenges in protecting intellectual property and brand reputation while meeting strict compliance needs. Environmental sector is another major concern as drugs are of high value and sensitive to environmental interaction. There is a need to make sure that pharmaceutical products are handled safely. Active pharmaceutical ingredients (APIs) can enter the natural environment during manufacture, use and/or disposal, and consequently public concern about their potential adverse impacts in the environment is growing. Owing to lockdown in various countries, the Company has experience impact on the logistics and thereby experienced occasional delays in both inbound and outbound shipments. After border tension with china, our business has been impacted to an extent of 10-15% because of stricter monitoring by the Indian Government authorities on imports from China and export to China.

SEGMENT-WISE PERFORMANCE:

Everest Organics Limited is engage in the business of manufacturing of Active Pharmaceutical Ingredients & Intermediaries since past two and half decades. Currently the Company is working on capacity utilization of 80-90% for the existing product. The big capex done for the FY 2020-21 was Rs. 8 crore and capex envisaged for the FY 21-22 and thereafter every year Rs. 10.00 crore for the next 3 years (including FY 21-22).

During the FY 2020-21, the Company exported about 25% of the total sale from all over the world. The operating margin of the Company is likely to touch 15% in the ensuing years; the increase in operating margin was because of enhanced capacity utilization and enhanced cost control measures. There was an increase in number of client during the year; presently we have about 60 customers spread over 45 countries all over the world. We would like to reach 100 clients in 60 countries in the next three years. We have already registered one product in China and two products in other regulated market.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

During the year under review, the Company has achieved a turnover of INR 1815 million as against INR 1672 million in the previous year reflecting a significant year-on-year growth of 8.55%.

**AUDITORS' REPORT****INDEPENDENT AUDITORS' REPORT****TO THE MEMBERS OF
EVEREST ORGANICS LIMITED.**

We have audited the accompanying financial statements of Everest Organics Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information.

QUALIFIED OPINION

In our opinion and to the best of our information and according to the explanations given to us except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph the aforesaid financial statements give the information required by the Act as amended in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind-AS specified under Section 133 of the Act of the state of affairs (financial position) of the Company as at March 31, 2021 and its profit (financial performance including other comprehensive income) its cash flows and the changes in equity for the year ended on that date.

BASIS FOR QUALIFIED OPINION:

As stated in Note 26 (C) (xvii) (a) (2) to the financial statements of the Company as at March 31, 2021 under report, the liability for payment of Gratuity stands at Rs.112.71 Lakhs, calculated as per the assessment of the management, but not as per the actuarial valuation as required under the Indian Accounting Standards. As against the said liability of Rs.112.71 Lakhs the company has deposited only part of the contribution to the Fund i.e. Rs.86.47 Lakhs and for the remaining liability of Rs.26.24 Lakhs provision is made. As per the requirement of the Indian Accounting Standard-19 on Employee Benefits, such liability should have been deposited in total in a fund as against a partial sum. Our audit opinion on the financial statements for the year ended March 31, 2021 is qualified in respect of this matter.

EMPHASIS MATTER:

We draw attention to Note 26(C) (xii) of the financial statements in respect of the Environmental issues. Wherein, attention has been drawn to the event on the closure of operations order by Telangana State Pollution Control Board and its subsequent revocation for a temporary period, has been dealt-with. Further, we also draw attention to the genesis and the current status of Company's application for increase in the production capacity of the company. Our Opinion is not modified in respect of this matter.

KEY AUDIT MATTERS:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

We draw attention to following matters of the Company.

A) Revenue recognition:

Revenue is recognized when the control over the underlying products has been transferred to the customer. Due to the Company's sales under various contractual terms and across the country, delivery to customers in different regions might take different time periods and may result in undelivered goods at the period end. We consider a risk of misstatement of the Financial Statements related to transactions occurring close to the year end, as these transactions could be recorded in the incorrect financial period (cut-off). Our tests of detail focused on sample of cut-off transactions, to

**AUDITORS' REPORT**

verify that only revenue pertaining to current year is recognized based on terms and conditions set out in sales contracts and delivery documents and performing testing on selected statistical samples of revenue transactions recorded during the year.

B) Raw material Consumption:

Raw material Consumption for the year is recognized based on the product composition at various stages and the customers requirement for all the products. The estimates relating to the charge are important given the significance process knowhow and the distinctive terms of arrangement with customers. These compositions consumption norms are complex and requires significant judgments and estimation by the Company for establishing the matching concept. An appropriate charge of raw material consumption and accuracy thereof may deviate due to change in judgments and estimates. Accordingly, the same has been considered as a key audit matter.

We obtained Management's calculations for raw material consumption specifications and relied upon the same.

C) IT Systems and Controls:

We have identified IT Systems and controls over financial reporting as a key audit matter for the company because it's financial and reporting system should be integrated and must be fundamentally reliant on IT systems and controls to process the voluminous data specifically with respect to revenue, debtors, inventory management and raw material consumption. Automated accounting procedures and IT environment controls are required to be modified and implemented to operate effectively to ensure accurate financial reporting to comply with all the reporting requirements under various statues. We have assessed the management's position through discussion with the in-house and external experts. Management has initiated steps to integrate all activities in this regard.

Accordingly, the same is considered as a key Audit matter.

Information Other than the Financial Statements and Auditors' Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the Financial Statements and our auditors' report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India including the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial

**AUDITORS' REPORT**

statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITORS' RESPONSIBILITY

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore

the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS:

As required by the Companies (Auditors' Report) Order, 2016 ("The Order"), issued by the Central Government of India in terms of sub-section 11 of Section 143 of the Act, we give in the Annexure-A a Statement on the matters specified in Paragraph 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Profit and Loss Statement, the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Indian Accounting Standards) Rules, 2015 as amended;

Statement on the matters specified in Paragraphs 3 & 4 of the Companies (Auditors Report) Order, 2016.

- (i) a) The Company has maintained proper records showing broad particulars including quantitative details and situation of fixed assets, on the basis of available information. However, the fixed assets register is to be updated. We are informed by the management that the company is in the process of compiling and reconstructing the Fixed Assets Register to show full particulars including quantitative details and situation of Fixed Assets.
- b) As per the information and explanations furnished to us by the management, majority of the fixed assets have been physically verified in a broad manner by the management in a phased manner, which in our opinion is reasonable, having regard to the size of the Company and nature of its assets. We are informed that no material discrepancies were noticed on such verification, pending adjustment.
- c) As per the information and explanations furnished to us by the management, the title deeds of immovable properties are held in the name of the company. However, the original land documents were transferred from the erstwhile banker Kotak Mahindra Bank Limited to HDFC Bank Limited. The confirmation to this effect is awaited from the HDFC Bank Limited.
- (ii) The physical verification of inventories has been conducted during the year by the management, in respect of majority of the high value items at reasonable intervals. In our opinion, the frequency of such verification is reasonable. The discrepancies that were noticed have been properly dealt with in the books of account.
- (iii) As per the information and explanations furnished to us by the management and as per the books of account and other documents examined by us, the company has not granted any loans secured or unsecured to companies, firms, limited partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013.
- (iv) As per the information and explanations furnished to us by the management and as per the books of accounts and other documents examined by us, the company has not given any loans, made investments, given guarantees, securities to the parties to which provisions of Sections 185 and 186 of the Companies Act, 2013 are applicable.
- (v) According to the information and explanations given to us the Company has not accepted deposits, to which the directives issued by the Reserve Bank of India and the provisions of Section 73 to 76 or the other relevant provisions of the Companies Act, and the rules framed there under, wherever applicable, from the public.
- However, there are certain unsecured loans, accepted from Directors and their related parties, total amount outstanding in this regard, as at 31-03-2021 is Rs. 117.91 lakhs.
- (vi) As per the information and explanations furnished to us, prima facie, it appears that the company broadly meets the requirement prescribed by the Central Government under section 148(1) of the Companies Act, 2013 read with Companies (Cost Records and Audit) Rules, 2014. We have however, not made a detailed examination of the cost records.
- (vii) a) As per the information and explanations furnished to us by the management, according to the records of the Company, undisputed statutory dues including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Customs, Duty of Excise, Value Added

**AUDITORS' REPORT**

Tax, Cess and other statutory dues have been generally deposited with the appropriate authorities, with delays. However, according to the information and explanations given to us, no other undisputed amounts payable in respect of the aforesaid dues were outstanding as at 31-03-2021 for a period of more than six months from the date they became payable.

- (b) As per the information and explanations furnished to us by the management, there are no dues of income tax, sales tax or service tax or duty of customs or duty of excise or value added tax that have not been deposited on account of any dispute.
- (viii) As per the information and explanations given to us, the company has not defaulted in repayment of loans or borrowings to the Banks or Government. The company has not made any borrowings from the financial institutions or debenture holders.
- (ix) During the year the company has not raised money by way of initial public offer or further public offer (including debt instruments). As per the information and explanations given to us, the term loans raised during the year were applied for the purposes for which the same were raised.
- (x) During the year under review, no fraud by the company or on the company by its officers or employees has been noticed or reported.
- (xi) As per the information and explanations given to us by the management, the managerial remuneration has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act.
- (xii) The Company is not a Nidhi company. Hence Clause (xii) is not applicable to the company.
- (xiii) As per the information and explanations given to us and based on our audit, in our opinion, the transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the Financial Statements, etc., as required by the applicable accounting standards.
- (xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3 (xiv) of the Order is not applicable to the Company.
- (xv) As per the information and explanations and based on examination, the company has not entered into any non-cash transactions with directors or persons connected with them.
- (xvi) The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

**AUDITORS' REPORT****ANNEXURE-B TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF EVEREST ORGANICS LIMITED**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") :

We have audited the internal financial controls over financial reporting of Everest Organics Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by the Institute of Chartered Accountants of India and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

**AUDITORS' REPORT**

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. However, the following internal financial controls are essential and desirable.

- a) The system of physical verification of fixed assets, tagging of fixed assets, and computerization of records needs to be improved to be commensurate with the size of the company & level of operations.
- b) The system of physical verification of inventories, tagging of inventories, recognition & valuation of inventories needs to be further improved to be commensurate with the size of company & level of operations.
- c) The system of obtaining periodical confirmation of balances from Debtors, Creditors, Advances, Deposits, etc. needs to be improved to be commensurate with the size of company.
- d) The system of obtaining comparative quotations from different independent parties and keeping them on record needs to be further strengthened to be commensurate with the size of the company and nature of operations of the Company.
- e) The method of customer evaluation needs to be further improved for extending credit to the customers.

**NOTES FORMING PART OF THE ACCOUNTS****NOTES TO FINANCIAL STATEMENTS****Note No.26:****ADDITIONAL NOTES FORMING PART OF THE ACCOUNTS****A) Basis of preparation****i). Statement of compliance**

The financial statements of Everest Organics Limited have been prepared and presented in accordance with Indian Accounting Standards ("Ind As") notified under section 133 of accounting standards notified by the Central Government of India under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, other pronouncements of the Institute of Chartered Accountants of India, the relevant provisions of Companies Act, 2013 and guidelines issued by Securities and Exchange Board of India (SEBI).

The financial statements are drawn up in Indian Rupees, the functional currency of the Company, and in accordance with Ind AS presentation.

The financial statements comprise:

- Balance Sheet
- Statement of Profit and Loss
- Statement of Changes in Equity
- Statement of Cash Flow
- Notes to Financial Statements

The company's Internal Financial Control (IFC) over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles, which is being implemented by the company as a continuous process exercise required for providing reasonable assurance regarding the reliability of the financial reporting.

Accounting policies not referred to herein otherwise are consistent with Generally Accepted Accounting Principles in India.

ii). Basis of measurement

The company follows the mercantile system of accounting and recognizes incomes and expenses on accrual basis. The accounts are prepared on historical cost basis and as a going concern.

iii). Functional & presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates (the functional currency'). The financial statements are presented in Indian rupee (Rs.) and rounded off to the nearest rupee, which is the company's functional and presentation currency.

iv). Use of estimates:

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in the current and future periods and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and reported amounts of revenues and expenses for the year.

**NOTES FORMING PART OF THE ACCOUNTS****v). Current and non-current classification**

All the assets and liabilities have been classified as current or non-current as per the Company normal operating cycle and other criteria set out in the Schedule-III to the Companies Act, 2013, read with Indian Accounting Standards.

vi). Assets:

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realized within twelve (12) months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve (12) months after the reporting date.

vii). Liabilities:

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within twelve (12) months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve (12) months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets / liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Normal operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve (12) months as its operating cycle.

B) Significant accounting policies:**i). Revenue Recognition:**

Revenue is measured at the transaction price determined under IND AS 115- Revenue from contracts with customers. Amounts disclosed as revenue are net of returns, trade allowances, rebates, Goods & Service Tax (GST) collections and amounts collected on behalf of third parties.

a) Revenue from Sale of Goods:

Revenue from sale of goods is recognized when the customer obtains control of the Company's product, which occurs at a point in time, usually upon dispatch/shipment, with payment terms typically in the range of 60 to 90 days after invoicing depending on product and geographic region. Taxes collected from customers relating to product sales and remitted to government authorities are excluded from revenues. The Company does not expect to have any contracts where the period between the transfer of the promised goods to the customers and payment by the customer exceeds one year. As a consequence, the company does not adjust any of the transaction prices for the time value of money. For contracts with multiple performance obligations, the Company allocates the transaction price to each performance obligation based on the relative standalone selling price. The Standalone selling price of each performance

**NOTES FORMING PART OF THE ACCOUNTS**

obligation is estimated using expected costs of satisfying such performance obligation and then an appropriate margin is added for such goods.

b) Revenue from Sale of Services:

Revenue from Sale of services is recognised as per the terms of the contracts with customers when the related services are performed, or the agreed milestones are achieved.

c) Export incentives:

Export incentives comprise of Duty draw back and MEIS (Merchandise Exports Incentive scheme) scrips. Duty drawback is recognised as income when the right to receive credit as per the terms of the scheme is established in respect of the exports entitled for this benefit made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds. MEIS scrips are freely transferable and can be utilised for the payment of customs duty. MEIS scrips are recognised either on transfer/sale of such scrips or when it is reasonably certain that such scrips can be utilised against import duties.

d) Interest Income:

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other income. Interest income on financial assets at amortised cost is calculated using the effective interest method is recognised in the statement of profit and loss as part of other income. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

ii). Provisions, contingent liabilities and contingent assets:

A provision is recognized if as a result of a past event the company has a present Legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Where no reliable estimates can be made, a disclosure is made as a contingent liability. A disclosure for a contingent liability is also made when there may be a possible obligation or a present obligation, but probably will not require an outflow of resources.

Contingent assets are not recognized in financial statements. A contingent asset is disclosed where an inflow of economic benefits is probable. If it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognized in the period in which the change occurs.

iii). Property, Plant and Equipment:

Items of property, plant and equipment are carried at the historical cost of acquisition or construction or at the consideration paid less accumulated depreciation arrived at taking into Schedule II of the Companies Act, 2013. The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Borrowing costs directly attributable to acquisition or construction of item of property, plant and equipment which necessarily take a substantial period of time to get ready for their intended use are capitalized.

Borrowing costs are interest and other costs incurred by the Company in connection with the borrowing of funds. However, during the year there is no such interest expenditure which is capitalized.

**NOTES FORMING PART OF THE ACCOUNTS**

Subsequent expenditure related to an item of property, plant and equipment is capitalized only if it enhances the future economic benefits arising from the existing assets beyond its previously assessed standards of performance.

Advances paid towards acquisition of property, plant and equipment outstanding at each balance sheet date are shown under short-term loans and advances. Cost of assets not ready for intended use, as on the balance sheet date, is shown as capital work-in-progress. Gains or losses from disposal of an item of property, plant and equipment are recognized in the statement of profit and loss.

iv). Depreciation:

Depreciation on fixed assets is provided as per useful lives specified in the Schedule II of the Companies Act, 2013 for the actual period of the usage of the assets on prorata basis, with Plant & Machinery considered to be coming under the category of "manufacture of pharmaceuticals and chemicals" in accordance with clauses 1 & 2 of Section 123 of the Companies Act, 2013.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

	Useful lives estimated by the Management (years)	Useful lives as stated in the Act (years)
Factory buildings	30	30
Plant and Equipment	10-20	5-20
Furniture and fixtures	10	10
Vehicles	8	8
Computers	3-6	3-6

v). Inventories:

Raw materials, packing materials, stores, spares, consumables are valued at cost, after providing for obsolescence. Work-in-process is valued at cost of raw materials and proportionate overheads. Finished goods are valued at lower of the cost or market value/net realizable value. Cost includes all charges incurred in relation to the goods. The goods received on account of sales returns are valued at cost.

Net Realizable Value (NRV) is the estimated selling price in the ordinary course of the business, less the estimated costs of completion and the estimated costs necessary to make the sale. Cost of inventories comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. The cost of all categories of inventory is determined using weighted average cost method.

vi). Cash and cash equivalents, Statement of Cash Flow:Cash and cash equivalents

Cash comprises cash on hand and demand deposits. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes and which are readily convertible to known amount of cash.

Statement of Cash Flow

Cash flows are inflows and outflows of cash and cash equivalents. Operating activities are the principal revenue-producing activities of the entity and other activities that are not investing or financing activities. Investing activities are the acquisition and disposal of long-term assets and other investments not included in cash equivalents. Financing activities are activities that result in changes in the size and composition of the contributed equity and borrowings of the entity.

**NOTES FORMING PART OF THE ACCOUNTS**

Statement of Cash Flows are reported using indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

vii). Research & Development Expenditure:

It is the policy of the company to transfer the Research & Development Expenditure on capital items to assets and depreciation is charged thereon accordingly at the applicable rates and Revenue expenditure on Research and development is charged off to Profit & Loss in the year in which it is incurred.

viii). Foreign Currency Transactions:

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

Transactions of monetary assets and liabilities denominated in foreign currency are translated at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are included in the statement of profit and loss account. Non-monetary assets and non-monetary liabilities to be denominated in foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities to be denominated in foreign currency are measured at historical cost and are translated at the exchange rate prevalent at the date of transaction.

Revenue, expense, and cash flow items denominated in foreign currencies are translated using exchange rate in effect on the date of transaction. Transaction gain or loss realized upon settlements of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

ix). Employee Benefits:**Short-term employee benefits:**

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined Contribution Plans:

Contributions to defined contribution retirement benefit schemes are generally recognized as an expense in the statement of profit & loss account as and when employees have rendered services entitling them to contributions.

Defined Benefit Plans:

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @15 days basic salary for every completed year of service as per the Payment of Gratuity Act, 1972. The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees managed by Life Insurance Corporation of India (LIC).

The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method, based on actuarial assumptions by LIC, and spread over the period during which the benefit is expected to be derived from employees' services. The current service cost of the defined benefit plan, recognized in the statement of profit and loss in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the

**NOTES FORMING PART OF THE ACCOUNTS**

current year, benefit changes, curtailments, and settlements. Past service costs are recognized immediately in the statement of profit and loss. Remeasurement gains and losses arising from adjustments and changes in actuarial assumptions are recognized in Other Comprehensive Income in the period in which they occur.

Compensated Absences:

The Company's current policies permit its employees to accumulate and carry forward their unutilized compensated leaves and utilize them in future periods or receive cash in lieu thereof. The balance of such earned leaves in excess of 30 days can be encashed by such individual employee at the year end. The compensation against such encashment is arrived and disbursed based on the gross salary drawn by such individual employee as at the year end.

Provident Fund:

Contribution to Provident fund (a defined contribution plan) administered through Regional Provident Fund Commissioner are recognized is charged to profit and loss account in the same period, as expense.

x). Earnings per Share:

Basic earnings per share are computed by dividing the net profit after tax available to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

xi). Income Tax Expense:

Income tax expense comprises of current tax and Deferred Tax. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the Other Comprehensive Income. In which case, the tax is also recognized in Other Comprehensive Income.

(a) Current Tax:

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the country where the Company operates and generates taxable income.

(b) Deferred Tax:

Deferred tax expense or benefit is recognized on temporary timing differences being the difference between the carrying amounts of assets and liabilities in the financial statements and corresponding tax bases used in the computation of taxable profit, that originate in one period and is likely to reverse in one or more subsequent periods. Accordingly, the company provided for Deferred Tax on 31-03-2021.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary timing difference can be utilized. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying value of deferred tax assets and liabilities are reviewed at each reporting date.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

xii). Impairment of Assets:

The Company assesses, from year to year, as to whether there is any indication that an asset is impaired. However, in the opinion of the management, there has been no impairment loss during the year.

**NOTES FORMING PART OF THE ACCOUNTS****xiii). Segment Accounting Policy:**

The Company prepares its segment information in conformity with accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

xiv). FINANCIAL INSTRUMENTS:**a. Financial Assets:****1. Initial Recognition and Measurement:**

All Financial Assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognized using trade date accounting i.e. the date that the Company commits to purchase or sell the asset.

2. Subsequent Measurement:

- Financial Assets measured at Amortized Cost (AC):

A Financial Asset is measured at Amortized Cost if

- it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and
- the contractual terms of the Financial Asset give rise on specified dates to cash flows that represent solely payments of principal and interest on the principal amount outstanding.

- Financial Assets measured at Fair Value Through Other Comprehensive Income (FVTOCI):

A Financial Asset is measured at FVTOCI if

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and
- the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest on the principal amount outstanding.

- Financial Assets measured at Fair Value Through Profit or Loss (FVTPL):

A Financial Asset which is not classified in any of the above categories are measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109

- Investment in Subsidiaries, Associates and Joint Ventures:

The Company has accounted for its investments in Subsidiaries, associates, and joint venture at cost less impairment loss (if any). The investments in preference shares with the right of surplus assets which are in nature equity in accordance with Ind AS 32 are treated as separate category of investment and measured as at FVTOCI.

- Other Equity Investments:

All other equity investments are measured at fair value, with value changes recognized in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. However, dividend on such equity investments are recognized in Statement of Profit and loss when the Company's right to receive payment is established.

**NOTES FORMING PART OF THE ACCOUNTS****- Impairment of Financial Assets:**

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL). Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For Trade Receivables the Company applies 'simplified approach' which requires expected lifetime losses to be recognized from initial recognition of the receivables.

The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analyzed.

For other assets, the Company uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- the rights to receive cash flows from the asset have expired or
- Both (1) the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and (2) either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

b. Financial Liabilities:**1. Initial Recognition and Measurement:**

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognized in the Statement of Profit and Loss as finance cost.

2. Subsequent Measurement:

Financial Liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same or other lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

xv). FINANCIAL RISK MANAGEMENT:

The Company's activities expose it to variety of financial risks: foreign currency risk, interest rate risk, credit risk, Commodity price risk and liquidity risk. Within the boundaries of approved Risk

**NOTES FORMING PART OF THE ACCOUNTS**

Management Policy framework, the Company manages the volatility and minimize the adverse impact on its financial performance.

a) Foreign Currency Risk:

Foreign Currency Risk is the risk that the Fair Value or Future Cash Flows of an exposure will fluctuate because of changes in foreign currency rates. Exposures can arise on account of the various assets and liabilities which are denominated in currencies other than Indian Rupee.

b) Interest Rate Risk:

The Company is not exposed to any interest rate risk as the interest rates implicit in all the borrowings are fixed in nature.

c) Credit Risk:

Credit risk is the risk that a customer fails to perform or pay the amounts due causing financial loss to the Company. Credit risk arises from dealing in derivatives, receivables from customers and other financial instruments. The Company maintains that, Credit risk is actively managed through continuous follow-up with the parties and Credit information is regularly shared between businesses and finance function, with a framework in place to quickly identify, respond and recognize cases of credit deterioration.

d) Commodity Price Risk:

Commodity price risk arises due to fluctuation in prices of the major imported raw materials and other products. The company has a risk management framework headed by the managing director, aimed at prudently managing the risk arising from the volatility in commodity prices and freight costs.

e) Liquidity Risk:

Liquidity risk arises from the Company's inability to meet its cash flow commitments on the due date. The company's liquidity is managed centrally with all the departments forecasting their cash and liquidity requirements. Management monitors rolling forecasts of the Company's cash flow position to ensure that the Company is able to meet its financial obligation.

xi). CONTINGENT LIABILITIES NOT PROVIDED FOR:

- 1) Letters of Credit established by the HDFC Bank Limited on behalf of the Company-Rs.549.79 lakhs (Previous year – Rs. 533.89 lakhs from Kotak Mahindra Bank Ltd.).
- 2) Bank Guarantees issued by the HDFC Bank Limited on behalf of the company-Rs.5.00 lakhs. (Previous year- Rs.11.50 lakhs from Kotak Mahindra Bank Ltd.).
- 3) Telangana State Pollution Control Board issued a notice on the company for payment to them of an amount calculated at 0.5% of annual turnover for the financial years 2016-17 onwards, effective from 24.10.2017 for environmental restoration of affected area. Matter is under appeal and the amount is yet to be crystallized.

xii). Environmental Matter:**a) Closure - Revocation Orders of TSPCB:**

During the year a closure order was issued by TSPCB to the Company on 22-12-2020, for stoppage of plant operations and the same was in force till 11-02-2021 and upon submission of partial compliance report by the management for some of the deviations, a temporary revocation order for 3 months, was issued. The management is of the view that the total compliance report was submitted on 30-04-2021 for the deviations pointed by TSPCB. The final revocation order is expected, subject to the satisfaction of the TSPCB officials after their unit inspection.

**NOTES FORMING PART OF THE ACCOUNTS**

The management is of the view that, during the year the company has taken up several corrective measures to set right the deviations indicated by the TSPCB officials to ensure that explosive and hazardous reactions do not reoccur and hence the “going concern concept” is not impacted by the orders of TSPCB.

b) Application for Enhancement of Production Capacities :

TSPCB claims that as per its “operating guidelines” the factory of the company situated at Aroor(V), Sadashivpet (M), Sangareddy(D), comes under the “Pattancheru-Bollaram Area(P.B.A)” (Stated to be appearing in the list of polluting industries) and the issue is pending at various forums from Supreme Court(1989), High Court (2013), National Green Tribunal(2015) on various issues which are agitated by the Bulk Drugs Manufacturing Association of India(BDMAI) as well as by the company, which is presently in the stage of constituting the Fact-Finding Committee. Also the company further challenged its location status in the P.B.A. Depending on the outcome of Lis-pendence a liability may arise in future towards contribution for the “Pattancheru-Bollaram Environment Relief Fund (PBERF)” (@0.5% of the Annual Turnover from FY 2016-17), which is contingent in nature. As per the TSPCB guidelines, enhancement of capacities from the existing 147.50 MT P.A to the current level of operations can be considered only after the deposit of fees of 1% of the previous year Turnover.

The management is of the view that, suitable decision can be made on payment to PBERF, based on the decisions of the honorable courts.

xvi). IMPACT OF COVID-19:

The financial year 2020-21 started with COVID 19 related lockdown restrictions in India and several parts of major countries. The pandemic which started about 15 months back impacted almost everyone across several sectors of activities. There were challenges around movement of people and all the business operations were impacted. As a result, most of the businesses are dealing with decline in revenues and also disrupted supplies. The disruption to supply chains due to factory shutdowns globally has already exposed the vulnerabilities of many organizations. However, as the Company operates in the industry that is considered under essential services, the operations were continuing during lockdown by taking appropriate measures.

The Company considered the uncertainty relating to the COVID-19 pandemic in assessing the recoverability of receivables, investments, inventories and other financial assets. For this purpose, the Company considered internal and external sources of information up to the reporting date of these financial statements. The Company has also used the principles of prudence in applying judgements, estimates and assumptions including sensitivity analysis and based on the current estimates, the Company is of the opinion that it can fully recover the carrying amount of receivables, investments and other assets.

**NOTES FORMING PART OF THE ACCOUNTS**

As the outbreak continues to evolve, the Company will continue to closely monitor any material changes to future economic conditions. The eventual outcome of the impact of the global health pandemic on the operations of the company may be different in future, from those estimated as on the date of approval of these Financial Statements.

xvii). EMPLOYEE BENEFITS:**(a) Post-employment obligations- Gratuity:(Defined benefit):**

- 1.) The Company provides gratuity for employees as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity benefit. The amount of gratuity payable on retirement/termination is the employees' last drawn basic salary per month computed proportionately for 15 days' salary multiplied for the number of years of service. The gratuity plan is a funded plan and the Company makes contributions, to recognize funds administered by Life Insurance Corporation of India (Insurer), as per IRDA guidelines. Category-wise composition of the plan assets, actuarial assumptions and sensitivity analysis thereto is not available with the company as the same are not shared by the insurer.

The Company has plans to establish a trust to administer its obligation for payment of Gratuity to employees. However at present the company contributes to the scheme administered by the Life Insurance Corporation of India (Insurer). Every year, the insurer carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is to be funded by the Company. The company considers that the contribution rate set at the last valuation date is sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs will not increase significantly. The company has not changed the process used to manage the risks from previous years.

- 2.) During the year, company has provided Rs.26.24 Lakhs for payment of Gratuity. However, as at 31st March 2021, the company has deposited Rs.86.47 lakhs against the total outstanding amount of Rs.112.71 lakhs as a part of such contribution towards gratuity liability. The payment for the remaining amount of Rs.26.24 lakhs is yet to be made. The provision in this regard, is as per the assessment of the management, but not as per the actuarial valuation made by LIC, as required under the Indian Accounting Standard on Employee Benefits.

(b) Compensated Absences obligations:(Defined benefit):

The Company has provided compensated absences / leave encashment benefit of Rs.11,24,050/- during the year 2020-21. (Previous year of Rs.8,96,319/-) in which the employee rendered the service that increases entitlement as per the policy. The liability for leave encashment benefit is calculated based on the 50% basic salary for leaves earned exceeding 30 days.

(c) Employer Contribution to Provident Fund (Defined Contribution Plan):

All the eligible employees of the Company receive benefits from a provident fund, a defined contribution plan. Both the employee and employer each make monthly contributions to a government administered fund equal to 12% of the covered employee's qualifying salary. The Company as an employer contributed Rs.58,18,846/- to the provident fund during the year 2020-21 (previous year of Rs.42,44,105/-). The Company has no further obligations under the plan beyond its monthly contributions.
