

EVEREST ORGANICS LIMITED

32ND
ANNUAL
REPORT

2024-25

**“ EFFICIENCY MEETS RESPONSIBILITY -
FOR THE ENVIRONMENT, FOR THE FUTURE ”**

LETTER FROM THE MANAGING DIRECTOR

Dear Shareholders,

As always, it gives me great pleasure to welcome you to the Annual General Meeting and present the annual report conveying the performance and also our plans for the future. It is with great pride and a profound sense of responsibility that I address you in this annual report for Everest Organics Limited. As we reflect on the past year, we would like to acknowledge the way we overcame our challenges to shape our journey to move forward with flying colours. Our commitment to excellence in the pharmaceutical industry, specifically in the production of Active Pharmaceutical Ingredients (APIs) and Intermediates, continues to be our driving force in addition to expanding our prowess into new business arenas.

A Year of Remarkable Progress

The Financial Year 2024-2025 has been a period of significant progress and transformation for our company. Despite the evolving landscape of the pharmaceutical industry, we have demonstrated resilience and adaptability. Our strategic initiatives have yielded impressive results, reflecting our unwavering dedication to innovation, quality, and operational efficiency.

One of the most notable accomplishments this year has been venturing into contract development and manufacturing options (CDMO) and contract manufacturing options (CMO) in addition to expansion of our production facilities. We have a dedicated highly qualified scientist team who will enable us to venture into new chemistry zones. We have invested in state-of-the-art buildings and upgraded our existing facilities as per Current Good Manufacturing Practices (CGMP). This positions us to meet growing global demand for high-quality APIs and intermediates but also strengthens our competitive edge in the market.

Innovation at the Core

Innovation remains at the heart of our operations. We continue to focus on developing cutting-edge solutions that meet the evolving needs of our clients and the broader healthcare industry. Our research and development team has been working diligently on new formulations and process improvements, ensuring that we stay ahead of industry trends and regulatory requirements.

Our commitment to R&D is not just about staying competitive but also about contributing to the advancement of healthcare. By refining our processes and exploring new applications, we aim to provide our clients with products that are not only effective but also safe and reliable.

Sustainability and Responsibility

In addition to our focus on innovation and growth, we remain deeply committed to sustainability and corporate responsibility. We recognize the importance of minimizing our environmental footprint and have implemented several initiatives to enhance our sustainability practices. From optimizing resource use to reducing waste, we are dedicated to making a positive impact on both the environment and the communities we serve.

We are also focused on ensuring the highest standards of ethical conduct in all aspects of our business. Our commitment to integrity and transparency is reflected in our operations and our interactions with stakeholders. We believe that our success is not just measured by financial performance but also by the positive influence we have on society.

Looking Ahead

As we move forward, we are excited about the opportunities that lie ahead. The pharmaceutical industry is dynamic and ever evolving, and we are well-positioned to navigate these changes. Our strategic priorities for the coming year include expanding our market presence, enhancing our product portfolio, and continuing to invest in technological advancements.

We will remain steadfast in our mission to deliver high-quality APIs and intermediates that support the global healthcare ecosystem. Our focus on innovation, operational excellence, and sustainability will guide us as we work towards achieving our long-term goals.

Acknowledgements

I would like to extend my heartfelt thanks to our dedicated employees, whose hard work and commitment have been instrumental in our success. Your expertise and passion are the driving forces behind our achievements.

To our shareholders, your continued support and confidence in our vision are deeply appreciated. We are committed to delivering value and maintaining the trust you have placed in us.

Finally, to our partners and clients, thank you for your collaboration and trust. We look forward to strengthening our relationships and achieving new milestones together.

In closing, I want to express my optimism and enthusiasm for the future. The path ahead is full of potential, and with our unwavering commitment and collective efforts, I am confident that Everest Organics Limited will continue to thrive and make a meaningful impact in the pharmaceutical industry.

Let all of us work to realize our full potential and beyond to make the world a better place to live.

With best regards,

Dr. Srikakarlapudi Sirisha

Managing Director

2. The Members can join the 32nd AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
3. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
4. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, , the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
5. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.everestorganicsltd.com. The Notice can also be accessed from the website of the Stock Exchange i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM i.e. www.evotingindia.com).
6. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
7. In continuation to this Ministry's General Circular No. 20/2020 dated 05.05.2020, General Circular No. 02/2022 dated 05.05.2022 and General Circular No. 10/2022 dated 28.12.2022 and after due examination, it has been decided to allow companies whose AGMs are due in the Year 2024 or 2025, to conduct their AGMs through VC or OAVM on or before 30th September, 2025 in accordance with the requirements laid down in Para 3 and Para 4 of the General Circular No. 20/2020 dated 05.05.2020.

Instructions for e- Voting are as Under:

The remote e-voting shall remain open for a period of 3 (three) days commencing from Wednesday, September 24, 2025 at 09:00 A.M. (IST) to Friday, September 26, 2025, at 05:00 P.M. (IST) (both days inclusive). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date Saturday , September 20, 2025 of may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the

**NOTICE**

participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

b) Board's response on Auditors' Qualifications, Reservations or Adverse Remarks:

The qualifications made by the Statutory Auditors in the Independent Auditors' Report for the financial year ended March 31, 2025 read with explanatory notes therein are self-explanatory and therefore do not call for any further explanation or comments from the Board under Section 134 (3) of the Companies Act, 2013, other than those mentioned below:

The Auditors' Report contains one qualification which was re-produced below:

The revocation order of Telangana State Pollution Control Board (TSPCB) dated 4th February, 2022 in connection with the closure order dated 22nd Dec 2020, stipulates that, the company cannot exceed its production capacity indicated in its order No. TSPCB/RCP/SRD/CFO& HWA/HO/ 2017-2714, Dt. 22-11-2017. However, the company is operating at a substantially enhanced level of actual production without necessary approvals from TSPCB in the form of Consent for Establishment (CFE) for starting the establishment, followed by the consequent Consent for Operation (CFO). Such non-compliance could impact the going concern status of the company in the form of Closure Order from TSPCB. According to the explanations given to us, the management of the Company is in the process of addressing the issue and the Company made application for Consent for Establishment for the enhancement in capacities and the application is pending approval and the company also obtained Environmental Clearance Certificate for the proposed enhanced capacity.

The management reply for the said qualification in the Auditors' Report was given below:

Management has already applied for CFE and awaiting approvals by TSPCB. Environmental clearance certificate has already been received by the company.

c) Report:

Pursuant to the provisions of Section 143(12) of the Companies Act, 2013 as amended from time to time, the Statutory Auditors have not reported any incident of fraud to the Audit Committee during the year under review.

**COMPLIANCE CERTIFICATE BY MANAGING DIRECTOR (MD)
AND CHIEF FINANCIAL OFFICER (CFO)**

(Pursuant to Regulation 17(8) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015)

We, Dr. Sri Kakarlapudi Sirisha, Managing Director (MD) and Peruri Ramakrishna, Chief Financial Officer (CFO) of Everest Organics Limited, to the best of our knowledge and belief, certify that:

- A. We have reviewed the financial statements and the cash flow statement for the Financial Year ended March 31, 2025 and that to the best of our knowledge and belief:
1. These statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading.
 2. These statements together present a true and fair view of the Company's affairs and are in compliance with the existing accounting standards, applicable laws and regulations.
- B. There are, to the best of our knowledge and belief, no transactions entered into by the Company during the year which are fraudulent, illegal or violative of the Company's code of conduct.
- C. We accept the responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of internal control systems of the Company pertaining to financial reporting and we have disclosed to the Auditors and the Audit Committee, deficiencies in the design and operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.
- D. We have indicated to the Auditors and the Audit Committee, wherever applicable;
- i Significant changes in internal controls over financial reporting during the year;
 - ii Significant changes in accounting policies during the year and that the same have been disclosed in the notes to the financial statements; and
 - iii Instances of significant fraud of which we have become aware of and the involvement therein, if any, of the management or an employee having a significant role in the Company's internal control system over financial reporting.

**CERTIFICATE****TO****THE MEMBERS OF****EVEREST ORGANICS LIMITED**

We have examined the compliance of conditions of Corporate Governance by **EVEREST ORGANICS LIMITED** (*“the Company”*), for the year ended on 31st March, 2025, as stipulated in Regulation 15(2) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations) for the period 1st April, 2024 to 31st March, 2025.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us by the Directors, officers and the management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Regulations except for:

- *The Company shall have not less than fifty percent of the Board as Non-Executive Directors. It has been observed that during the period from 28.09.2024 to 12.11.2024, the Company is having 5 (Five) Directors on its Board including 3 (Three) Executive Directors and 2 (Two) Non-Executive Directors. During the aforesaid period, the Company was required to appoint 1 (One) Non- Executive Director to satisfy the composition of Board as per Regulation 17(1) (a) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. However, the same was complied by the Company on 13.11.2024.*
- *The Company has not complied with the requirement of composition of the Nomination and Remuneration Committee from 28.09.2024 to 12.01.2025 as per Regulation 19 (1)(a), (1)(b) and (2) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.*
- *The Company has delayed by one day in submitting the disclosure of related party transactions for the half year ended 30.09.2024 to the stock exchange during the period under review as per Regulation 23(9) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.*
- *In respect of compliance with review of policies as per SEBI Regulations, review of Policy on Related Party Transactions was last done by the Board at its meeting held on 12th June, 2021.*
- *The Company has not conducted performance evaluation as specified in SEBI Regulations.*
- *As required under Regulation 23(3) of SEBI (LODR), 2015, approval for related party transactions granted by the Audit Committee in its meeting dated 09.02.2024 does not contain the indicative base price/ current contracted price and the formula for variation in the price if any.*

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

The information is required in compliance of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and forming a part of the Boards' Report for the year ended March 31, 2025 and has to be read in Conjunction with the Company's financial statements, which follows this Section. The management of the Company is presenting herein the overview, opportunities and threats, initiatives by the Company and overall strategy of the Company and its outlook for the future. This outlook is based on management's own assessment and it may vary due to future economic and other future developments in the country.

INDIAN ECONOMIC OVERVIEW

India continues to be regarded as one of the most dynamic and resilient economies globally, with its growth anchored in strong domestic demand, robust policy support, and a steady revival of investment activity. Rising disposable incomes and expanding consumption patterns have enabled the country to withstand global economic headwinds and maintain confidence across industries. This resilience underscores the structural strengths of the Indian economy, which is increasingly being recognized as a reliable engine of global growth.

The positive momentum can be observed in the consistent rise of indirect tax collections, particularly through the Goods and Services Tax framework, which reflects the expanding formalization of the economy and the strengthening of its fiscal position. Alongside this, business sentiment continues to remain optimistic, supported by healthy corporate performance, access to credit, and a supportive policy environment. The government's initiatives in areas such as banking sector reforms, improved taxation systems, and the emphasis on both physical and digital infrastructure are creating a more conducive environment for investment and entrepreneurship. The digital revolution, especially the rapid adoption of digital payments, e-governance, and fintech solutions, has further enhanced transparency, efficiency, and inclusivity across the economy.

While the major metropolitan centers continue to retain their strategic importance, India's growth story is steadily becoming more geographically diversified. A new wave of development is being witnessed across tier 2 and tier 3 cities, which are emerging as vibrant growth centers. Targeted government investments in industrial corridors, smart cities, and regional infrastructure are unlocking opportunities in these areas, generating employment, and encouraging business expansion. This shift is also helping to ensure a more equitable distribution of growth, spreading economic benefits beyond the traditional hubs to previously underserved regions.

Infrastructure development remains at the core of this transformation. Significant progress is being made in expanding highways, expressways, ports, airports, and railway networks. These connectivity enhancements are facilitating faster and more efficient movement of goods and people, strengthening supply chains, and enabling businesses to reach wider markets. Importantly, these projects are not restricted to urban areas alone but extend to semi-urban and rural geographies, thereby catalyzing localized growth and creating opportunities in regions that were once on the periphery of economic activity. The integration of physical infrastructure with digital platforms is also improving logistics and trade facilitation, making the Indian economy more competitive and future-ready.

The financial system continues to demonstrate resilience and stability, supported by stronger balance sheets, improved credit flow, and a deepening of capital markets. The banking sector has seen improvements in asset quality, and there is greater access to funding for enterprises of all sizes. Parallely, India's emphasis on sectors such as manufacturing, renewable energy, pharmaceuticals, and technology-driven innovation is reshaping its economic profile. Start-ups and entrepreneurial ventures, backed by strong investor interest and policy support, are contributing significantly to job creation, innovation, and the country's global positioning as a hub for new-age enterprises.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

India's demographic advantage, with a young and aspirational population, continues to drive consumption, innovation, and productivity. This, combined with policy reforms and a strengthening institutional framework, is expected to sustain momentum in the years to come. At the same time, there is a clear emphasis on inclusive development-ensuring that the benefits of growth reach deeper into rural and semi-urban regions through improved connectivity, financial inclusion, healthcare, education, and skill development initiatives. This balanced approach is positioning India as not only a rapidly growing economy but also a more equitable one.

Looking ahead, India's economic prospects remain firmly positive. With strong domestic demand, policy continuity, and an expanding role in global trade and investment flows, the country is poised to consolidate its place as a leading player in the world economy. Its trajectory reflects a unique blend of resilience, reform, and opportunity. By combining sustained growth with regional diversification and rising global influence, India is steadily emerging as one of the most important contributors to the global economic landscape in the coming decade.

INDUSTRY STRUCTURE & DEVELOPMENTS:

The Indian pharmaceutical industry continues to hold the 3rd largest position in the world by volume. Domestic formulations account for nearly 50% of the Indian Pharmaceutical Industry.

India remains the largest provider of generic drugs globally and is well known for its affordable vaccines and generic medications. The industry has evolved into a thriving sector and has been growing at a CAGR of 9.43% over the last decade. Key segments of the Indian pharma industry include generic drugs, over-the-counter medications, bulk drugs, vaccines, contract research & manufacturing, biosimilars, and biologics. India also has the highest number of pharmaceutical manufacturing facilities compliant with the US Food and Drug Administration (USFDA) and around 500 API producers, accounting for nearly 8% of the global API market.

The Indian pharmaceutical sector supplies over 50% of global demand for vaccines, 40% of generic demand in the US, and 25% of all medicine in the UK. The domestic pharmaceutical industry is supported by a strong network of ~3,000 drug companies and ~10,500 manufacturing units. With a vast pool of skilled scientists and engineers, India continues to maintain a strong competitive edge in the global market. Presently, more than 80% of the antiretroviral drugs used worldwide to combat AIDS are supplied by Indian pharmaceutical companies. This has rightfully earned India the title of the "pharmacy of the world" for its low-cost yet high-quality medicines.

The pharmaceutical sector in India ranks third in the world in terms of production volume and 14th in terms of value, contributing around 1.72% to the nation's GDP. Having transformed into a vibrant and resilient industry, it continues to play a vital role in ensuring affordable healthcare globally.

During FY 2024-25, the Indian economy remained one of the fastest-growing major economies, recording a GDP growth of 8.2%, driven by robust domestic demand and strong macroeconomic fundamentals. Rising disposable income and higher healthcare awareness continue to fuel growth in the pharmaceutical sector, further insulating the economy from global headwinds.

According to the latest EY-FICCI report, the Indian pharmaceutical market is projected to touch US\$ 130 billion by 2030, supported by innovation and the growing demand for new-age therapies. Meanwhile, the global pharmaceutical market size is expected to surpass US\$ 1 trillion in 2024.

Your Company continues to operate in the chemical industry, primarily engaged in the manufacturing of Active Pharmaceutical Ingredients (APIs) and intermediates. FY 2024-25 was a year of steady and sustainable performance. The Board has, from time to time, evaluated opportunities for diversification into new areas that may offer profitable growth. Going forward, your Directors expect improved industrial development and growth prospects in the coming years.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

MARKETING & MARKET SIZE:

The Indian pharmaceutical industry continued to demonstrate strong growth and resilience during FY 2024-25, reaffirming its vital role in the global healthcare ecosystem. The industry, currently valued at about US\$ 50 billion, is projected to reach US\$ 65 billion in 2024 and nearly US\$ 130 billion by 2030, consolidating India's leadership in affordable medicine supply. Exports contribute over US\$ 25 billion, meeting nearly 20% of global generic demand, and positioning India as the largest supplier of cost-effective, high-quality generics. This robust export base has strengthened foreign exchange earnings and reinforced India's global role in ensuring access to medicines.

India has also emerged as a leading biotechnology hub, ranking among the world's top 12 and third in the Asia-Pacific. The sector, valued at US\$ 80 billion in 2023, grew 14% over the previous year and is expected to reach US\$ 150 billion by 2025. With diverse segments spanning biopharmaceuticals, bio-services, bio-agriculture, bio-industry, and bioinformatics, biotechnology has become a critical driver of innovation in new therapies, vaccines, and sustainable solutions. Supportive policies and private investment are expected to accelerate India's advancement in this domain.

The biosimilars market is witnessing rapid expansion, projected to grow at nearly 22% CAGR to reach US\$ 12 billion by 2025, accounting for almost 20% of the domestic pharmaceutical market. Cost-efficient manufacturing, strong scientific talent, and regulatory alignment with global standards continue to fuel this growth.

The medical devices sector is another high-growth area. Valued at US\$ 11 billion and contributing about 1.5% to the global market, it is projected to reach US\$ 50 billion by 2025 at a CAGR of ~37%. This growth, supported by rising healthcare infrastructure, government initiatives like "Make in India," and wider technology adoption, is expected to reduce import dependence and create export opportunities in diagnostics and surgical equipment.

India also maintains a strong presence in regulated international markets such as the US and Europe. It hosts the largest number of USFDA-approved manufacturing plants outside the US, reflecting its regulatory strength and quality standards. This enables Indian firms to consistently cater to global demand and sustain a competitive export edge.

On the domestic front, the pharmaceutical market, valued at US\$ 42 billion in 2021, is expected to reach US\$ 65 billion in 2024 and expand further to US\$ 120–130 billion by 2030. Growth is supported by rising healthcare spending, insurance penetration, higher disposable incomes, an ageing population, and increased prevalence of chronic diseases, along with accelerated digital healthcare adoption.

Globally, India contributes nearly 20% of generic exports and 60% of vaccine demand, earning it the title of the "pharmacy of the world." Its role in maintaining healthcare supply chains, especially during global crises, highlights its reliability as a trusted supplier.

Looking ahead, the industry is expected to grow at 10–12% annually in the medium term, driven by domestic demand, strong export potential, growing biosimilars adoption, rising R&D investments, and innovation in value-added services. Government support, including the Production-Linked Incentive (PLI) scheme and healthcare infrastructure initiatives, will further accelerate sectoral growth. Together, these factors provide a strong foundation for the long-term sustainability of India's pharmaceutical and biotechnology industry.

OUTLOOK: Global API Sector

The global Active Pharmaceutical Ingredient (API) sector continued to expand steadily in FY 2024-25, reaffirming its role as the foundation of the pharmaceutical industry. As per recent estimates, the global API market stood at around US\$ 222.9 billion in 2022 and is projected to reach US\$ 303.9 billion by 2028, at a

**MANAGEMENT DISCUSSION & ANALYSIS REPORT**

CAGR of 5.6% during 2023–2028. This sustained growth highlights the rising reliance on APIs across therapeutic areas and reflects structural changes in manufacturing and supply chains.

APIs represent the biologically active components of drugs, while other ingredients, known as excipients, serve as inactive carriers that aid stability and absorption. Depending on the therapy, formulations may contain a single API or multiple APIs in combination therapies. The dosage, patient-specific response, and manufacturing quality determine therapeutic effectiveness, making stringent quality control essential in API production.

API manufacturing typically occurs in two key stages—first, raw materials are converted into APIs through chemical synthesis or biotechnological processes; second, these APIs are combined with excipients to produce dosage forms such as tablets, capsules, injectables, or solutions. APIs are either sold in the merchant market to other pharma companies or used internally for captive consumption.

The competitive landscape of the API market is both broad and fragmented, with multinational firms, mid-sized companies, and specialized producers competing on cost, compliance, and therapeutic focus. Over the years, API production has shifted from North America and Europe towards Asia, particularly India and China, owing to cost advantages, skilled manpower, and supportive regulatory regimes. Today, these two nations dominate the bulk drug and intermediate supply chain worldwide.

Demand for APIs remains robust and diversified. A key driver is the expiry of patents on blockbuster drugs, creating opportunities for cost-effective generic APIs, especially in oncology, cardiovascular, diabetes, and central nervous system therapies. Simultaneously, the growth of biological drugs and biosimilars has triggered strong demand for complex APIs. Biological APIs, derived from living organisms, are gaining prominence due to their potency and ability to address diseases that small molecules cannot, making them one of the fastest-growing segments globally.

Several demographic and structural factors further support demand. The ageing global population is increasing the need for medicines targeting chronic and degenerative conditions. Rising lifestyle-related diseases such as obesity, diabetes, and hypertension are also driving prescription volumes. Additionally, higher healthcare spending and improved access to medicines in emerging economies have broadened the demand base.

Large multinational drugmakers are increasingly outsourcing API production to specialized players in India and China to lower costs and enhance efficiency. This outsourcing model enables global pharma innovators to focus on R&D and commercialization, while leveraging the manufacturing expertise and cost competitiveness of Asian producers.

The regulatory framework is another defining factor for industry growth. Authorities such as the USFDA, EMA, and WHO emphasize stringent compliance and traceability in API production. While this raises entry barriers, it benefits established players, particularly Indian firms with a large number of USFDA-approved facilities, thereby reinforcing India's global credibility as a trusted API supplier.

Looking forward, technological advancements—such as continuous manufacturing, green chemistry, process intensification, and biotechnological innovations—are expected to make production more sustainable, efficient, and cost-competitive. Increasing adoption of digital tools and Industry 4.0 practices will also enhance transparency, efficiency, and quality across supply chains.

In summary, the outlook for the global API industry in FY 2024–25 is highly positive. Demand will be driven by patent expiries, rising generics and biosimilars, demographic trends, and healthcare expansion. With India and China consolidating their leadership, the sector is set to remain a cornerstone of the global pharmaceutical ecosystem. However, manufacturers must continue to navigate compliance requirements, environmental considerations, and competitive intensity. Companies that invest in scale, quality, and innovation will be best positioned to capture the sector's growth potential in the coming years.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****INVESTMENTS & RECENT DEVELOPMENTS:**

The Indian Pharmaceuticals industry plays a prominent role in the global pharmaceuticals industry. India ranks third worldwide for production by volume and 14th by value.

In this regard, the sector has seen a lot of investments and developments in the recent past.

- Up to 100% FDI has been allowed through automatic route for Greenfield pharmaceuticals projects. For Brownfield pharmaceuticals projects, FDI allowed is up to 74% through automatic route and beyond that through government approval.
- The cumulative FDI equity inflow in the Drugs and Pharmaceuticals industry stood at around US\$ 21.5 billion as of March 2025, contributing about 3.4% of the total FDI inflows into India.
- The foreign direct investment (FDI) inflows in the Indian drugs and pharmaceuticals sector reached about US\$ 1.6 billion during FY 2024–25.
- The Indian pharmaceutical industry generated a trade surplus of around US\$ 16 billion in FY 2024–25.
- Pharmaceutical exports crossed US\$ 27 billion in FY 2024–25, reaffirming India's position as the largest supplier of generic medicines globally.
- Medical Device industry is expected to reach US\$ 50 billion by 2030, growing at a CAGR of 15%.
- The National Digital Health Blueprint has the potential to generate nearly US\$ 200 billion in added economic value for India's healthcare industry over the next 10 years.
- Glenmark Pharmaceuticals became the first company in India to launch Teneligliptin + Dapagliflozin Fixed Dose Combination.
- Entod Pharmaceuticals launched its new ocular aesthetic range focused on improving eye comfort and enhancing eye aesthetics.
- BDR Pharmaceutical launched the first generic apalutamide (brand name Apatide) in India to treat both metastatic castration-sensitive prostate cancer as well as non-metastatic castration-resistant prostate cancer.
- Anglo French Drugs & Industries Limited (AFDIL), a 99-year-old organization in the pharmaceutical sector, entered into the fertility space with the launch of the LYBER range.
- ICPA Health Products Ltd. (ICPA), a leading pharma company in the oral healthcare segment, launched its latest product – Heximetro.
- Sun Pharmaceutical Industries Limited, through one of its wholly owned subsidiaries, launched Bempedoic Acid under the brand name Brillo in India for reducing low-density lipoprotein (LDL) cholesterol.
- Dr. Reddy's Laboratories entered into an exclusive partnership with HK inno.N Corporation to commercialise novel molecule Tegoprazan in India & select emerging markets.
- Dr. Reddy's Laboratories also advanced its medical cannabis program in Germany through a pact with MediCane Health.
- Lupin signed an agreement to acquire two inhalation brands from Sunovion Pharmaceuticals Inc.

Notable recent past developments (still relevant for FY 2024–25):

- ❖ Cipla partnered with Drugs for Neglected Diseases initiative (DNDi) to announce the launch of a 4-in-1 antiretroviral treatment for children living with HIV in South Africa. *(relevant as Cipla continues focus on global access & HIV therapies)*

MANAGEMENT DISCUSSION & ANALYSIS REPORT

- ❖ Glenmark became the first pharmaceutical company to launch Indacaterol + Mometasone fixed-dose combination drug for Asthma in India. (*respiratory therapies remain a priority area in FY 2024–25*)
- ❖ Themis Medicare Ltd. (Themis) announced the approval of its antiviral drug VIRALEX by the Drug Controller General of India (DCGI). (*relevant as India expands antiviral & infectious disease portfolio*)
- ❖ Eli Lilly introduced Ramiven in India for certain high-risk early breast cancer patients in November 2022. (*oncology remains a leading therapeutic focus in FY 2024–25*)
- ❖ Sun Pharma and SPARC entered into a license agreement for commercialization of phenobarbital for injection in the US in November 2022. (*aligns with Sun Pharma's continuing global specialty portfolio strategy*)
- ❖ AstraZeneca India launched a Clinical Data and Insights (CDI) division in 2021 to further strengthen its global presence and manage data-related aspects of its clinical trials. (*still relevant as India scales digital healthcare & clinical data capabilities*)

GOVERNMENT INITIATIVES:

The Government has introduced several measures to foster growth and innovation in the Indian pharmaceutical sector, such as:

❖ **As per the Union Budget 2024–25:**

- The Government has reinforced its commitment to research-driven healthcare and affordable medicine access. A higher allocation has been made to the Ministry of Health and Family Welfare, with enhanced focus on modernising health infrastructure, supporting R&D in pharmaceuticals and biotechnology, and facilitating large-scale digital health adoption.
- Building on the sickle cell anaemia elimination mission announced in FY 2023–24, the Government has rolled out accelerated implementation in FY 2024–25, with mass screening, counselling, and treatment across tribal belts, while expanding the coverage to additional high-risk districts.
- Stronger emphasis has been placed on promoting domestic manufacturing of bulk drugs and critical APIs under the Production Linked Incentive (PLI) schemes, aimed at reducing India's import dependency and achieving self-reliance in essential medicines.
- In line with the Government's vision of positioning India as a global innovation hub, dedicated centres of excellence for pharmaceutical research and innovation are being operationalised in FY 2024–25, with a strong push for academia–industry collaboration and incentivised R&D investments.

❖ **Ayushman Bharat Digital Mission (ABDM):**

- Under ABDM, the coverage and adoption of ABHA (Ayushman Bharat Health Account) IDs has accelerated in FY 2024–25, with significant integration across hospitals, diagnostics centres and pharmacies. The aim is to establish longitudinal electronic health records across the ecosystem.
- The Mission has expanded from Union Territories to nationwide implementation. With digital health records now being seamlessly shared across public and private healthcare systems, patient convenience and clinical decision-making are seeing significant improvement.
- Building upon the earlier pilots (2021–22), the National Health Authority (NHA) has scaled up integration with more than 1,200 partner solutions, enabling wider interoperability and standardisation of digital health infrastructure.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****❖ Scheme for Development of Pharma Industry – Umbrella Scheme:**

- The Department of Pharmaceuticals continues to strengthen the Umbrella Scheme comprising:
 - Assistance to Bulk Drug Industry for Common Facilitation Centres
 - Assistance to Medical Device Industry for Common Facilitation Centres
 - Assistance to Pharmaceutical Industry (CDP–PS)
 - Pharmaceutical Promotion and Development Scheme (PPDS)
 - Pharmaceutical Technology Upgradation Assistance Scheme (PTUAS)
- In FY 2024–25, greater budgetary support has been earmarked to accelerate cluster development, technology adoption, and global competitiveness for pharma MSMEs.

❖ Union Budget (2023–24 - Past Initiative):

- A mission to eliminate sickle cell anaemia by 2047 was launched, focusing on awareness, screening of 7 crore individuals in tribal regions (ages 0–40), and counselling through coordinated interventions.
- For innovation in pharmaceuticals, a new initiative to encourage R&D through centres of excellence was introduced, with the government urging private sector participation in selected priority fields.
- At the grassroots level, 157 new nursing colleges were announced to be established in co-location with government medical colleges.

❖ Other Notable Government Steps (2021–23 – Past Developments):

- In March 2022, the Strengthening of Pharmaceutical Industry (SPI) Scheme was launched with an outlay of Rs. 500 crore (US\$ 665.5 million) for FY22–26.
- In November 2021, India resumed supplying COVID-19 vaccines to COVAX, marking an important step in global health diplomacy.
- In November 2021, PM Shri Narendra Modi inaugurated the first Global Innovation Summit of the pharmaceutical sector, focusing on regulatory reforms, funding, innovation infrastructure, and academia–industry partnerships.

The pharmaceutical industry in India continues to be a vital component of the country's economic and social framework. It contributes significantly to foreign trade while ensuring that millions worldwide have access to affordable generic medicines. India also maintains one of the world's largest bases of USFDA and WHO–GMP compliant plants. Medicine spending in India is projected to grow at 9–12% over the next five years, positioning the country among the global top 10 in terms of expenditure.

Going forward, the outlook for FY 2024–25 is highly positive. Growth in domestic sales will depend on companies' ability to align portfolios with the rising demand for therapies targeting chronic diseases such as cardiovascular ailments, diabetes, depression, and cancer. Additionally, the government's continued thrust on universal healthcare (Ayushman Bharat), rural health programmes, preventive vaccines, and faster generic drug introductions are expected to drive strong momentum in the Indian pharmaceutical industry.

OPPORTUNITIES & THREATS:

The SWOT analysis of the industry reveals the position of the Indian pharmaceutical industry in respect to its internal and external environment for FY 2024–25.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****a) Strengths**

- i. Well-developed chemistry, R&D and manufacturing infrastructure with proven track record in advanced chemistry capabilities, design of high-tech manufacturing facilities and strong global regulatory compliance.
- ii. Strong technical, finance and administrative expertise in pharma industries along with a deep marketing and distribution network, enabling scale in both domestic and international markets.
- iii. Higher GDP growth, rising middle class, and increasing urbanisation continue to support higher disposable income in the hands of the general public and their positive attitude towards healthcare spending.
- iv. Low-cost, highly skilled and English-speaking labour force with proven capabilities in process development and design of high-technology manufacturing devices.
- v. Healthy domestic market demand supported by rising per capita healthcare expenditure, growing demand for preventive and chronic therapies, and low cost of innovation, manufacturing and operations.
- vi. Strong focus by the Government through initiatives like PLI schemes, digital health infrastructure, and Ayushman Bharat Mission.
- vii. Adherence to global standards, high quality documentation and robust process understanding add to industry credibility.
- viii. Expanding penetration of health insurance coverage increasing affordability of treatments.

b) Weaknesses

- i. Stringent price control and regulatory interventions under DPCO impacting profitability of pharma companies.
- ii. Limited ability to compete with global MNCs for new drug discovery, clinical research and worldwide commercialisation of new molecules due to resource constraints.
- iii. Infrastructure gaps, particularly in logistics, cold chain and power availability, remain a major challenge in certain regions.
- iv. Low investments in innovative and breakthrough R&D compared to developed markets, with higher dependence on generics and APIs.
- v. Fragmented industry landscape with significant presence of unorganized players, leading to stiff price competition and pressure on margins for organized players.

c) Opportunities

- i. Global demand for generics, biosimilars, and affordable vaccines continues to rise, creating significant export opportunities for Indian players.
- ii. Growth of OTC and chronic therapy markets, with rising burden of non-communicable diseases (cardiac, diabetes, oncology, CNS).
- iii. Increased penetration into Tier-II and Tier-III cities and non-metro markets, supported by expanding healthcare infrastructure.
- iv. Large demand for advanced diagnostic services, personalized medicine and biotechnology-driven solutions.
- v. Increasing foreign direct investment and significant strategic alliances with MNCs in the Indian market.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT**

- vi. Public-Private Partnerships to strengthen health infrastructure, digital healthcare, and research collaborations.
- vii. Opening up of health insurance sector, coupled with increase in per capita income and government health schemes, remains a major growth driver for the pharmaceutical industry.
- viii. India continues to be a preferred global outsourcing hub for formulations, APIs, clinical research and contract manufacturing due to low cost of skilled labour and proven quality standards.

d) Threats

- i. Intensified global competition and narrowing profit margins in generics and APIs.
Increasing stringency of global quality audits and compliance requirements from USFDA, EMA and other regulators.
- ii. More demanding CGMP regulatory requirements leading to continuous need for capacity expansion and compliance investments.
- iii. Rising wage inflation, skill shortage in specialised areas and increasing cost of compliance.
Expansion of Drugs Price Control Order (DPCO) coverage affecting profitability across several therapeutic segments.
- iv. Competition from other low-cost manufacturing countries such as China, Israel and emerging markets impacting outsourcing demand for Indian pharmaceutical exports.
- v. Entry of foreign players with advanced technology-driven products and biologics posing a challenge to domestic manufacturers.

The Company is seriously contemplating both forward and backward integration. The Company is actively pursuing assets that will add immediate value for forward integration in palletization in the near future, while also working towards backward integration into intermediates through strategic partnerships or greenfield projects.

INTERNAL CONTROL SYSTEM & THEIR ADEQUACY:

The Company continues to maintain an adequate and effective system of internal controls during FY 2024–25, comprising well-defined authorization levels, supervision, checks and balances, and documented policy guidelines and manuals. These provide assurance that all transactions are properly authorized, accurately recorded, and correctly reported, while also ensuring compliance with internal policies, applicable laws, and statutory requirements.

Operational managers exercise control over critical business processes through robust operational systems, detailed procedural manuals, and financial limits of authority manuals. These are reviewed and updated periodically in line with evolving business requirements, industry best practices, and regulatory changes, thereby continuously improving systems, processes, and overall operational efficiency.

The Company places prime importance on a strong and effective internal audit framework. The Internal Control System is adequately supplemented by an independent internal audit function, periodic management reviews, and well-documented policies and procedures. The Internal Audit Department monitors the entire spectrum of operations and services, providing assurance on process adherence and effectiveness.

The top management, along with the Audit Committee of the Board, regularly reviews the findings and recommendations of the Internal Auditor. Corrective and preventive actions are taken promptly to address identified risks and strengthen controls. This structured oversight ensures that the Company's internal control framework remains robust, efficient, and aligned with its strategic objectives, while also fostering a culture of transparency, accountability, and continuous improvement.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****RISKS & CONCERN:**

The pharmaceutical industry continues to face multi-dimensional challenges in FY 2024–25, particularly in safeguarding intellectual property, maintaining brand reputation, and meeting increasingly stringent compliance and regulatory requirements across global markets. Environmental impact remains a significant area of concern, as pharmaceutical products are highly valuable and extremely sensitive to environmental interactions. Ensuring that drugs are handled, stored, and transported safely is critical, not only to preserve their efficacy but also to mitigate risks of contamination or deterioration.

Active Pharmaceutical Ingredients (APIs) continue to attract public and regulatory scrutiny due to the risk of their residues entering the natural environment during manufacturing, usage, or disposal. Concerns around potential adverse environmental impacts are growing steadily, which could translate into stricter norms in the future, thereby impacting costs and processes for the industry.

On the operational side, post-COVID surplus stocking of APIs by formulators, combined with variable raw material costs, has continued to exert pressure on sales volumes of APIs. This trend has impacted demand cycles in the short term, creating volatility in revenue generation for API-focused businesses. At the same time, shortages and supply chain disruptions of key raw materials are also being viewed as a future risk factor that could adversely affect API sales and manufacturing schedules.

Additionally, challenges such as global pricing pressures, tightening quality and regulatory requirements, fluctuations in foreign exchange rates, and increasing competition from low-cost manufacturing countries continue to add to the risk landscape of the pharmaceutical sector. The Company remains vigilant in monitoring these evolving risks and is consistently working towards mitigating their impact through strategic sourcing, diversification of suppliers, process efficiency measures, and enhanced compliance frameworks.

SEGMENT-WISE PERFORMANCE:

Everest Organics Limited has been engaged in the business of manufacturing Active Pharmaceutical Ingredients (APIs) and Intermediaries for nearly three decades, and during FY 2024–25 the Company continued to strengthen its operations and market presence. At present, the Company is operating at a healthy capacity utilization level of around 80–90% for the existing product portfolio. During FY 2024–25, the Company undertook significant capital expenditure initiatives, with an envisaged investment of about 1 Rs.15 crores, aimed at completing the new production block and further enhancing manufacturing capabilities. This follows the capex of about Rs.3.23 crores made in FY 2023–24, reflecting the Company's commitment to continuous capacity expansion and technological upgradation.

In terms of exports, during FY 2024–25, the Company achieved a strong global footprint, with approximately 27–28% of the total sales being exported to various geographies worldwide. The year also witnessed an expansion in the client base, with Everest Organics now catering to nearly 85 clients spread across 48 countries. Looking ahead, the Company has set a target to expand its presence to 120 clients in over 60 countries within the next three years, thereby consolidating its position as a trusted global API supplier.

On the regulatory front, the Company continues to make steady progress. Presently, regulatory approvals have been secured for three (3) products, while six (6) additional products are in advanced stages of approval. Furthermore, during FY 2024–25, two (2) products are under registration in China, two (2) products are under registration in the Korea market, and five (5) products are undergoing the registration process for the Russia market. These ongoing efforts in regulatory filings reflect the Company's strategy to penetrate deeper into key international markets and diversify its global product portfolio.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:**

During the year under review, the Company achieved a turnover of Rs. 15,947.90 lakh as against Rs. 19,724.13 lakh in the previous year.

During the year, the Company incurred a Net Loss of Rs. 129.03 lakh as against a Net Profit of Rs. 13.92 lakh in the previous year. During the year, the Company has transferred an amount of Rs. 2,428.95 lakhs to the General Reserve.

The Earnings per Share (EPS) of the Company as on March 31, 2025 was (2.97) as against 0.17 in the previous year.

KEY FINANCIAL RATIOS:

In accordance with the amendments notified in the Regulation 17 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 on May 09, 2018, the details of significant changes in the key financial ratios as compared to the immediately previous Financial Year are reported hereunder:

Particulars	As at March 31, 2025	As at March 31, 2024	Reason for change
Debtors Turnover	1.69	2.27	Trade receivables turnover ratio decreased due to increase in credit sales during the year as compared to the previous year.
Inventory Turnover	2.21	2.74	Note(a)
Interest Coverage Ratio (Times)	2.67	1.11	The improvement in the ratio is a result of increased operating profitability coupled with a reduction in interest costs in the current year compared to the previous year.
Current Ratio (Times)	1.06	0.93	Note(a)
Debt-Equity Ratio (Times)	0.68	1.26	The Debt-equity ratio has decreased on account of increase as issue of equity share capital and decrease in the borrowings.
Operating Profit Margin (%)	1.22%	3.08%	The decrease in the ratio is mainly due to unfavorable changes in the cost structure and a lower contribution from sales margins in the current year compared to the previous year.
Net Profit Margin (%)	(0.81) %	0.07 %	Decrease in the Net Profit ratio mainly on account of the decrease in Revenue and Profit during the year as compared to the previous year.
Return on Net Worth (%)	(1.84) %	0.30%	

Notes: (a). In respect of the aforesaid mentioned ratio, there is no significant change (25% or More) in the Financial Year 2024-25 in compared to Financial Year 2023-24.

**MANAGEMENT DISCUSSION & ANALYSIS REPORT****INDUSTRIAL RELATIONS & HUMAN RESOURCE DEVELOPMENT:**

The focus of the Company continues to be on capability development, performance management and employee engagement. This approach is aimed at improving cost competitiveness through enhanced levels of employee participation, commitment and involvement across all functions.

The Company recognizes its human resources as its biggest strength, which has consistently contributed to its progress and growth. This recognition has further reinforced the Company's image as the right destination where the growth of the organization is closely aligned with the value addition and career progression of individual employees.

In line with this philosophy, the Company continues to provide employee development opportunities through structured training programs, workshops and skill-building sessions. These initiatives are designed to equip employees with upgraded skills and competencies, enabling them to adapt effectively to contemporary technological advancements and evolving business requirements. The total number of employees as on March 31, 2025 stood at 355.

**AUDITORS' REPORT****INDEPENDENT AUDITORS' REPORT****TO THE MEMBERS OF EVEREST ORGANICS LIMITED****Report on the Audit of the Financial Statements**

We have audited the accompanying financial statements of Everest Organics Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and Notes to Financial Statements including a summary of the significant accounting policies and other explanatory information.

QUALIFIED OPINION

In our opinion and to the best of our information and according to the explanations given to us except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph the aforesaid financial statements give the information required by the Act as amended in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind-AS specified under Section 133 of the Act of the State of Affairs (financial position) of the Company as at March 31, 2025 and its profit (financial performance including other comprehensive income) its cash flows and the changes in equity for the year ended on that date.

BASIS FOR QUALIFIED OPINION:

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

- i. The revocation order of Telangana State Pollution Control Board (TSPCB) dated 4th February, 2022 in connection with the closure order dated 22nd Dec 2020, stipulates that, the company cannot exceed its production capacity indicated in its order No. TSPCB/RCP/SRD/CFO& HWA/HO/ 2017-2714, Dt. 22-11-2017. However, the company is operating at a substantially enhanced level of actual production without necessary approvals from TSPCB in the form of Consent for Establishment (CFE) for starting the establishment, followed by the consequent Consent for Operation (CFO). Such non-compliance could impact the going concern status of the company in the form of Closure Order from TSPCB. According to the explanations given to us, the management of the Company is in the process of addressing the issue and the Company made application for Consent for Establishment for the enhancement in capacities and the application is pending approval and the company also obtained Environmental Clearance Certificate for the proposed enhanced capacity.

Our Opinion is qualified in respect of the above said matter(s).

KEY AUDIT MATTERS:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

**AUDITORS' REPORT**

We draw attention to following matters of the Company.

A) Revenue recognition:

Revenue is recognized when the control over the underlying products has been transferred to the customer. Due to the Company's sales under various contractual terms and across the country, delivery to customers in different regions might take different time periods and may result in undelivered goods at the period end. We consider a risk of misstatement of the Financial Statements related to transactions occurring close to the year end, as these transactions could be recorded in the incorrect financial period (cut-off). Our tests of detail focused on sample of cut-off transactions, to verify that only revenue pertaining to current year is recognized based on terms and conditions set out in sales contracts and delivery documents and performing testing on selected statistical samples of revenue transactions recorded during the year.

B) Raw material Consumption:

Raw material Consumption for the year is recognized based on the product composition at various stages and the customers requirement for all the products. The estimates relating to the charge are important given the significance of process knowhow and the distinctive terms of arrangement with customers. These compositions, consumption norms are complex and requires significant judgments and estimation by the Company for establishing the matching concept. An appropriate charge of raw material consumption and accuracy thereof may deviate due to change in judgments and estimates. Accordingly, the same has been considered as a key audit matter.

We obtained Management's calculations for raw material consumption specifications and relied upon the same.

C) IT Systems and Controls:

We have identified IT Systems and controls over financial reporting as a key audit matter for the company because it's financial and reporting system should be integrated and must be fundamentally reliant on IT systems and controls to process the voluminous data specifically with respect to revenue, debtors, inventory management and raw material consumption. Automated accounting procedures and IT environment controls are required to be modified and implemented to operate effectively to ensure accurate financial reporting to comply with all the reporting requirements under various statutes. We have assessed the management's position through discussion with the in-house and Management has initiated steps to integrate all activities in this regard.

Accordingly, the same is considered as a key Audit matter.

D) Capital Work in Progress:

The Company is in the process of executing major project for expansion of its Manufacturing facility. This project takes a substantial period to get ready for intended use. We considered Capital expenditure as a key audit matter due to: (a) Significance of amount incurred on such items during the year ended 31 March 2025. (b) Judgement involved in determining the eligibility of costs including borrowing cost and other directly attributable costs for capitalization as per the criteria set out in Ind AS 16-Property, Plant and Equipment.

We have obtained an understanding of the Company's capitalization policy and assessed for compliance with the relevant accounting standards. We have performed substantive testing on a sample basis for each element of capitalized costs including inventory issued to contractors for the purpose of this project and understanding nature of the costs capitalized.

Management maintains that, during the period, the interest cost of funds borrowed for the purpose amounting to Rs.112.88 Lakhs has been capitalised. (refer Note No.32(xx)).

**AUDITORS' REPORT****EMPHASIS OF MATTER:**

We draw attention to the following matters disclosed in the notes to the accompanying financial statements, which, due to their significance, have been considered necessary to bring to the attention of the users of the financial statements for emphasis not amounting to any qualifications :

1. As Shown above revenue has been recognized in respect of certain sales where goods were dispatched on or before the end of the Financial Year, although the transfer of ownership and associated risks and rewards had occurred subsequent to the reporting date, keeping in view the confirmed delivery to the customer. This accounting treatment, though disclosed by management, involves an impact on the timing of revenue recognition in the Financial Statements.
2. Note 2.2(Q), which describes that interest payable to Micro, Small and Medium Enterprises (MSMEs), as required under the Micro, Small and Medium Enterprises Development Act, 2006, has not been provided for in the books of account. While the company has disclosed this fact in the Financial Statements. Its significance arises from the potential regulatory and legal implications of non-provision.
3. Note 2.2(P), which describes the company's accounting policy for recognizing sales commission which is payable to agents, after the realization of the related credit sales. This approach is consistent with prevailing business practices in the industry and reflects the substance of the arrangement, wherein commission is linked to the actual receipt of payments, though this results in deviation from matching concept wherein the turnover is recognized in one period and the commission payable thereon is recognized in another period.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the company's annual report but does not include the financial statements and our auditors' report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any assurance and conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS:

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the

AUDITORS' REPORT

preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITORS' RESPONSIBILITY:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these financial statements.

As part of an audit in accordance with standards on auditing we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of management and Board of Directors use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

AUDITORS' REPORT

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS:

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
 2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Profit and Loss Statement, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Indian Accounting Standards) Rules, 2015.
 - (e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors none of the directors are disqualified as on 31st March 2025, from being appointed as a director in terms of sec.164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure-B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at 31st March, 2025 on its financial position in its financial Statements. Refer Note No:32(viii) of the Financial Statements.
 - ii. The Company does not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- A) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that

**AUDITORS' REPORT**

the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- B) The management has represented, that, to the best of it's knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- C) Based on audit procedures which we considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

iv. The company has not declared dividend during the year F.Y. 2024-25.

v. The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1 April 2023. Based on our examination which included test checks, the Company have used accounting software for maintaining its books of account, which have a feature of recording Audit Trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software. Further during the course of our audit, we did not come across any instance of Audit Trail feature being tampered with.

3. Further, with respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Act.

**AUDITORS' REPORT****ANNEXURE - A TO THE INDEPENDENT AUDITORS' REPORT DT.28-05-2025 ISSUED TO THE MEMBERS OF EVEREST ORGANICS LIMITED****(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

(i) (a)

- (A) The Company has maintained records showing only broad particulars including quantitative details and situation of Property, Plant and Equipment, on the basis of available information. However, as per the information and explanations furnished by the management and based on our examination of records, the system of tagging of fixed assets and computerization of records is to be implemented to be commensurate with the size of the company & level of operations.
- (B) The Company has maintained records showing particulars relating to inhouse development of products for which the company has capitalised the expenditure thereon under the head Intangible assets. The information relating to technical feasibility, ability to use or sell, Future economic benefits, etc., which are principal basis for amortization are not maintained for each of the product under development for which expenditure is capitalised.
- (b) As per the information and explanations furnished to us by the management, the Property, Plant and Equipment have been physically verified in a broad manner by the management according to a phased programme designed to cover all the items over a period of 2 years, which in our opinion is reasonable but can be improved, having regard to the size of the Company and nature of its assets. We are informed that, no material discrepancies were noticed on such verification, pending adjustment.
- (c) The title deeds of all the immovable properties are pledged with HDFC Bank. As per the information and explanations given to us, the title deeds of all such immovable properties are held in the name of the Company.
- (d) The Company has been following historical cost method of accounting for its Property, Plant and Equipment and intangible assets. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment or intangible assets does not arise.
- (e) Based on the information and explanations furnished to us, no proceedings have been initiated on (or) are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its financial statements does not arise.

(ii)

- (a) The physical verification of inventories has been conducted during the year by the management, in respect of majority of the high value items at reasonable intervals. In our opinion, the procedure, coverage and frequency of such verification is reasonable, but the system of verification should be further improved to be commensurate with the size of company & level of operations.

**AUDITORS' REPORT**

The discrepancies noticed on physical verification of inventory as compared to book records were less than 10% in aggregate for each class of inventory.

- (b) During the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from HDFC Bank on the basis of security of current assets. The Company has filed monthly statements of current assets with the bank, which are generally in agreement with the unaudited books of accounts being maintained by the company.
- (iii) As per the information and explanations furnished to us by the management and as per the books of account and other documents examined by us, during the year, the company has not, made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, our reporting on all other subclauses in this clause is not required.

Further the company has made investments in Equity Shares amounting to Rs. 8.15 lakhs and Rs. 0.30 lakhs in Patancheru Enviro Tech Limited and State Bank of India respectively. These investments made by the company earlier and continuing in the current year, prima facie, appear to be in compliance with Provisions of Section 186 of the Companies Act, 2013.

- (iv) As per the information and explanations furnished to us by the management and as per the books of accounts and other documents examined by us, the company has not given any loans, made investments in, or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, Firms, Limited Partnerships or any other parties to which provisions of Sections 185 and 186 of the Companies Act, 2013 are applicable. Hence Clause 3(iv) of CARO, 2020 is not applicable to the Company.
- (v) According to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits to which the directives issued by the Reserve Bank of India and the provisions of Section 73 to 76 or the other relevant provisions of the Companies Act, and the rules framed there under, wherever applicable, from the public.

According to the information and explanations furnished to us by the management, there have been no proceedings before the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal in this matter and no order has been passed by any of the aforesaid authorities.

- (vi) As per the information and explanations furnished to us, prima facie, it appears that the company broadly meets the requirement prescribed by the Central Government under section 148(1) of the Companies Act, 2013 read with Companies (Cost Records and Audit) Rules, 2014. However, we have not been provided cost records maintained by the Company.

(vii)

- (a) As per the information and explanations furnished to us by the management and according to the records examined by us of the Company, undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income Tax, sales tax, Service Tax, duty of Customs, Duty of Excise, Value Added Tax, Cess and other statutory dues have been generally deposited on time with the appropriate authorities, with occasional delays. According to the information and explanations given to us, there are undisputed amounts due and payable in respect of the aforesaid dues which were outstanding as at 31-03-2025 for a period of more than six months from the date they became payable.

**AUDITORS' REPORT**

During the year, the Company has not been regular in depositing undisputed statutory dues, and there have been significant delays in depositing the following dues:

Name of the Statute	Nature of the Dues	Amount (Rs.)	Period
EPF Act	Provident Fund	44,76,256	June to September 2024

- (b) As per the information and explanations furnished to us by the management, there are no disputes with the appropriate authorities relating to Statutory dues other than those referred to in Point No.32(viii) of "Notes to Financial Statements for the year ended March, 31st, 2025.
- (viii) According to the information and explanations given by the management and based on the procedures carried out during the course of our audit, we have not come across any transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- (ix)
- (a) According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted the repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or any lender.
- (c) According to the information and explanations given to us and on the basis of our audit procedures, we report that the company has not obtained any term loans during the year. Accordingly reporting under clause ix (c) of CARO is not applicable.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short term basis have been used for long-term purposes by the Company.

**AUDITORS' REPORT****ANNEXURE-B TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF EVEREST ORGANICS LIMITED****REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT"):**

(Referred to in clause (f) of paragraph 2 under 'Report on other Legal and Regulatory Requirement' section of our report of even date)

We have audited the internal financial controls over financial reporting of Everest Organics Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

QUALIFIED OPINION:

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by the Institute of Chartered Accountants of India and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

In our opinion, except for the effects of the material weaknesses described in the Basis for Qualified Opinion paragraph below, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

BASIS FOR QUALIFIED OPINION:

In our opinion, except for the effects of the material weaknesses described in the paragraph below, the Company has maintained, in all material respects, adequate Internal Financial Controls over Financial Reporting and such internal financial controls were operating effectively as at March 31, 2025.

1. There is a system of vendor reconciliation of accounts payable, but the system is not being implemented effectively.
2. There is a system of debtor balance confirmation of accounts receivable, but the system is not being implemented effectively.
3. Attendance for employees is manual and there is no biometric system effectively implemented.
4. Based on our audit, we observed that, in few instances,
 - the company has not obtained authorisation/data for accepted and rejected quantity of material from Quality Control department.
 - The company accepted/received quantity in excess of authorised Purchase Order
 - The company purchased goods from vendors different from that of recommended vender as per Quotation comparative statement.

**AUDITORS' REPORT**

- Sales are being recognised before dispatch
- ITC on expenses Paid through credit card are not being claimed.
- There are frequent delay in payment of electricity bills and therefore interest expenses are increasing
- Lack of adequate mechanism to receive of goods sent on returnable basis in time.

The following internal financial controls are essential and desirable.

- a) The system of defining and operationalizing a standard operating procedure for Capitalization of assets and retirement of assets and /or provisioning for impairment (if any) needs to be strengthened to be commensurate with the size of the company & level of operations.
- b) The system of physical verification of fixed assets, tagging of fixed assets, and computerization of records needs to be improved to be commensurate with the size of the company & level of operations.
- c) The system of maintaining records, valuation of inventories is to be computerised and physical verification of inventories, tagging of inventories, recognition & valuation of inventories needs to be further improved to be commensurate with the size of company & level of operations.
- d) The system of obtaining periodical confirmation of balances from Debtors, Creditors, Advances, Deposits, etc. needs to be improved to be commensurate with the size of company.
- e) The system of obtaining comparative quotations from different independent parties and keeping them on record and their evaluation needs to be further strengthened to be commensurate with the size of the company and nature of operations of the Company.
- f) The method of customer credibility evaluation needs to be further improved for extending credit to the customers.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS:

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by the Institute of Chartered Accountants of India and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal

**AUDITORS' REPORT**

financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**NOTES FORMING PART OF THE ACCOUNTS****NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31.03.2025****1. GENERAL INFORMATION:**

Everest Organics Limited is a public company incorporated under the provisions of the Companies Act, 1956 with CIN L24230TG1993PLC015426. The registered office of the Company is located at Aroor Village, Sadasivapet Mandal, Sangareddy (Medak) District, Telangana-502291, India. The Company's shares are listed on the Bombay Stock Exchange (BSE).

The Company is principally engaged in manufacturing of active pharmaceutical ingredients and Bulk drugs. The Financial Statements for the year ended 31st March, 2025 were approved by the Board of Directors and authorized for issue on 28th May, 2025.

2. STATEMENT OF MATERIAL ACCOUNTING POLICIES**2.1 BASIS FOR PREPARATION****a. Statement of Compliance**

The financial statements of Everest Organics Limited have been prepared and presented in accordance with Indian Accounting Standards ("Ind As") notified under section 133 of accounting standards notified by the Central Government of India under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, other pronouncements of the Institute of Chartered Accountants of India, the relevant provisions of Companies Act, 2013 and guidelines issued by Securities and Exchange Board of India (SEBI).

The company's Internal Financial Control (IFC) over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles, which is being implemented by the company as a continuous process exercise required for providing reasonable assurance regarding the reliability of the financial reporting.

Accounting policies not referred to herein otherwise are consistent with Generally Accepted Accounting Principles in India. The financial statements are drawn up in Indian Rupees (In Lakhs), the functional currency of the Company, and in accordance with Ind AS presentation.

The financial statements comprise the Balance Sheet as at 31st March, 2025 and 31st March, 2024, the Statement of Profit and Loss, Statement of Changes in Equity and Statement of Cash Flow for the year ended 31st March, 2025 and 31st March, 2024 and a summary of material accounting policies and other explanatory information (together hereinafter referred as "Financial Statements").

b. Basis of measurement

The company follows the mercantile system of accounting and recognizes incomes and expenses on an accrual basis. The accounts are prepared as a going concern and on a historical cost basis except for the following:

- Certain financial assets and liabilities are measured at fair value or amortised cost.
- Employee defined benefit asset/liability recognized as the total of the fair value of plan assets and actuarial losses/gains, and the present value of defined benefit obligation.

c. Functional & presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The

**NOTES FORMING PART OF THE ACCOUNTS**

financial statements are presented in Indian rupee (Rs.), which is the company's functional and presentation currency.

d. Use of estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in the current and future periods and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and reported amounts of revenues and expenses for the year.

e. Current and non-current classification

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013, read with Indian Accounting Standards.

f. Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realized within twelve (12) months after the reporting date; or
- d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve (12) months after the reporting date.

g. Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- a) it is expected to be settled in the Company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is due to be settled within twelve (12) months after the reporting date; or
- d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve (12) months after the reporting date. Terms of a liability that could, at the option of the counter party, result in its settlement by the issue of equity instruments do not affect its classification.

All other assets/liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Normal operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve (12) months as its operating cycle.

**NOTES FORMING PART OF THE ACCOUNTS****2.2 MATERIAL ACCOUNTING POLICIES:****A. Revenue Recognition:**

Revenue is measured at the transaction price determined under IND AS 115-Revenue from contracts with customers. Amounts disclosed as revenue are net of returns, trade allowances, rebates, Goods & Service Tax (GST) collections and amounts collected on behalf of third parties.

Revenue from Sale of Goods:

Revenue from the sale of goods is recognized when the customer obtains control of the Company's product, which occurs at a point in time, usually upon dispatch/shipment, with payment terms typically in the range of 60 to 90 days after invoicing depending on product and geographic region. Taxes collected from customers relating to product sales and remitted to government authorities are excluded from revenues. The Company does not expect to have any contracts where the period between the transfer of the promised goods to the customers and payment by the customer exceeds one year. Consequently, the company does not adjust any of the transaction prices for the time value of money.

For contracts with multiple performance obligations, the Company allocates the transaction price to each performance obligation based on the relative standalone selling price. The Standalone selling price of each performance obligation is estimated using the expected costs of satisfying such performance obligation and then an appropriate margin is added for such goods. The amount of revenue to be recognised is based on the consideration expected to be received in exchange for goods, excluding trade discounts, volume discounts, sales returns and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value added tax, goods and services tax, etc., where applicable. Any additional amounts based on terms of agreement entered into with customers, is recognised in the period when the collectability becomes probable and a reliable measure of the same is available.

As per the requirements of "Ind AS 115 - Revenue from Contracts with Customers", Revenue should be recognized when control of the goods is transferred to the customer. However, the company has been consistently practicing the recognition of Revenue on Sales upon dispatch of goods upto Balance Sheet Date, control for which was transferred after the Balance Sheet Date but before the Financial Statements preparation and approval Date. This results in understatement or overstatement of Turnover and Net Profit after tax for the Year and consequently Reserves at the end of the year.

Keeping in view the Quid Pro Effect at the end of the year and at the beginning of the year for the FY 2024-25 and 2023-24, (1) the Net Turnover for the FY 2024-25 was understated by Rs.710.15 Lakhs(Net Turnover for the year 2023-24 was overstated by Rs.609.45 Lakhs) and Likewise (2) the Net Profit After Tax for the Year 2024-25 and Reserves & Surplus as at 31.03.2025 was understated by Rs.220.25 Lakhs (Net Profit after Tax for FY 2023-24 and Reserves & Surplus as at 31.03.2024 was overstated by Rs.194.73 Lakhs).

Revenue from Sale of Services:

Revenue from Sale of services is recognised as per the terms of the contracts with customers when the related services are performed, or the agreed milestones are achieved. Upfront non-refundable payments received are deferred and recognised as revenue over the expected period over which the related services are expected to be performed.

**NOTES FORMING PART OF THE ACCOUNTS****B. Interest Income:**

Interest income from financial assets at fair value through profit or loss is disclosed as interest income within other incomes. Interest income on financial assets at amortised cost is calculated using the effective interest method (EIR) is recognised in the statement of profit and loss as part of other income. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

C. Provisions, Contingent liabilities and Contingent assets:

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Where no reliable estimates can be made, a disclosure is made as a contingent liability. A disclosure for contingent liability is also made when there may be a possible obligation or a present obligation but probably will not require an outflow of resources.

Contingent assets are not recognized in financial statements. A contingent asset is disclosed where an inflow of economic benefits is probable. If it is virtually certain that an inflow of economic benefits will arise, the assets and related income are recognized in the period in which the change occurs.

D. Property, Plant and Equipment:

Items of property, plant and equipment are carried at the historical cost of acquisition or construction or at the consideration paid less accumulated depreciation arrived at taking into Schedule II of the Companies Act, 2013. The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Borrowing costs directly attributable to acquisition or construction of items of property, plant and equipment which necessarily take a substantial period of time to get ready for their intended use are capitalized. Borrowing costs are interest and other costs incurred by the Company in connection with the borrowing of funds.

Subsequent expenditure related to an item of property, plant and equipment is capitalized only if it enhances the future economic benefits arising from the existing assets beyond its previously assessed standards of performance.

Advances paid towards acquisition of property, plant and equipment outstanding at each balance sheet date are shown under short-term loans and advances. Cost of assets not ready for intended use, as on the balance sheet date, is shown as capital work-in-progress. Gains or losses from disposal of an item of property, plant and equipment are recognized in the statement of profit and loss.

E. Depreciation:

Depreciation on property, plant and equipment is provided as per useful lives specified in the Schedule II of the Companies Act, 2013 for the actual period of the usage of the assets on prorata basis, with Plant & Machinery considered to be coming under the category of "manufacture of pharmaceuticals and chemicals" in accordance with clauses 1 & 2 of Section 123 of the Companies Act, 2013.

**NOTES FORMING PART OF THE ACCOUNTS**

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Asset	Useful lives estimated by the Management (years)	Useful lives as stated in the Act (years)
Factory buildings	30	30
Plant and Equipment	10-20	5-20
Solar Power Generation System	25	40
Furniture and fixtures	10	10
Vehicles	8	8
Computers	3-6	3-6

F. Research & Development Expenditure:

It is the policy of the company to transfer the Research & Development Expenditure on capital items to assets and depreciation is charged thereon accordingly at the applicable rates and Revenue expenditure on Research and development is charged off to Profit & Loss in the year in which it is incurred. The expenditure to be capitalised include the cost of materials and other costs directly attributable to preparing the asset for its intended use.

Intangible Assets having indefinite life (or) Intangible Assets under development (or) Goodwill arisen by way of acquisition are tested for impairment annually, or more frequently when there is an indication that the assets may be impaired. All other intangible assets are tested for impairment when there are indications that the carrying value may not be recoverable.

G. Impairment of Assets:

An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value (or) An asset that requires compulsory test for impairment every year. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of the recoverable amount. In the opinion of the Management, during the year there is no impairment loss.

H. Inventories:

Raw materials, packing materials, stores, spares, consumables are valued at cost, after providing for obsolescence. Work-in-process is valued at cost of raw materials and proportionate overheads. Finished goods are valued at lower of the cost or market value/net realizable value. Cost includes all charges incurred in relation to the goods. The goods received on account of sales returns are valued at cost.

Net Realizable Value (NRV) is the estimated selling price in the ordinary course of the business, less the estimated costs of completion and the estimated costs necessary to make the sale. Cost of inventories comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. The cost of all categories of inventory is determined using the weighted average cost method.

I. Cash and cash equivalents, Statement of Cash Flow:**Cash and cash equivalents**

Cash comprises cash on hand and demand deposits. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to

**NOTES FORMING PART OF THE ACCOUNTS**

an insignificant risk of changes in value. Cash equivalents are held for the purpose of meeting short-term cash commitments rather than for investment or other purposes and are readily convertible to known amount of cash.

Statement of Cash Flow

Cash flows are inflows and outflows of cash and cash equivalents. Operating activities are the principal revenue-producing activities of the entity and other activities that are not investing or financing activities. Investing activities are the acquisition and disposal of long-term assets and other investments not included in cash equivalents. Financing activities are activities that result in changes in the size and composition of the contributed equity and borrowings of the entity.

Statement of Cash Flows are reported using indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

J. Foreign Currency Transactions:

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

Transactions of monetary assets and liabilities denominated in foreign currency are translated at exchange rates in effect on the Balance Sheet date. The gains or losses resulting from such translations are included in the statement of profit and loss account. Non-monetary assets and non-monetary liabilities to be denominated in foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities to be denominated in foreign currency are measured at historical cost and are translated at the exchange rate prevalent at the date of transaction.

Revenue, expense, and cash flow items denominated in foreign currencies are translated using exchange rates in effect on the date of transaction. Transaction gain or loss realized upon settlements of foreign currency transactions are included in determining net profit for the period in which the transaction is settled.

K. Employee Benefits:**Short-term employee benefits:**

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount because of past service provided by the employee and the obligation can be estimated reliably.

Defined Contribution Plans:

Contributions to defined contribution retirement benefit schemes are generally recognized as an expense in the statement of profit & loss account as and when employees have rendered services entitling them to contributions.

Defined Benefit Plans:

The Company pays gratuity to the employees who have completed five years of service with the Company at the time of resignation/superannuation. The gratuity is paid @15 days basic salary for every completed year of service as per the Payment of Gratuity Act, 1972. The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the

**NOTES FORMING PART OF THE ACCOUNTS**

employees managed by Life Insurance Corporation of India (LIC).

The liability in respect of gratuity and other post-employment benefits are calculated and the said amount is spread over the period during which the benefit is expected to be derived from employees' services. The current service cost of the defined benefit plan, recognized in the statement of profit and loss under employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments, and settlements. Past service costs are recognized immediately in the statement of profit and loss. Remeasurement gains and losses arising from adjustments and changes are recognized in Other Comprehensive Income in the period in which they occur.

Compensated Absences:

The Company's current policies permit its employees to accumulate and carry forward their unutilized compensated leaves and utilize them in future periods or receive cash in lieu thereof. The balance of such earned leaves in excess of 30 days can be encashed by such individual employee at the year end. The compensation against such encashment is arrived and disbursed based on the gross salary drawn by such individual employee as at the year end.

Provident Fund:

Contribution to Provident fund (a defined contribution plan) administered through Regional Provident Fund Commissioner are recognized is charged to profit and loss account in the same period, as expense.

L. Earnings per Share:

Basic earnings per share are computed by dividing the net profit after tax available to Equity Shareholders by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential ordinary shares.

M. Income Tax Expense:

Income tax expense comprises of current tax and Deferred Tax. Tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized in the Other Comprehensive Income. In this case, the tax is also recognized in Other Comprehensive Income.

(a) Current Tax:

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the country where the Company operates and generates taxable income.

(b) Deferred Tax:

Deferred tax expense or benefit is recognized on temporary timing differences being the difference between the carrying amounts of assets and liabilities in the financial statements and corresponding tax bases used in the computation of taxable profit, that originate in one period and is likely to reverse in one or more subsequent periods. Accordingly, the company provided for Deferred Tax on 31-03-2025.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary timing difference can be utilized. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in

**NOTES FORMING PART OF THE ACCOUNTS**

which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying value of deferred tax assets and liabilities are reviewed at each reporting date.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(c) Indirect taxes:

In the opinion of the Board and to the best of their knowledge and belief, the Company has properly complied with the provisions of Goods and Service Tax Act, 2017, The Customs Acts, 1962 and any other indirect taxes, to the extent applicable to the Company. The difference, if any, between the figures as per books of account and the respective returns, have been reconciled and would be corrected in next periodic returns and in annual returns. The said differences, if any, do not have any material impact on standalone financial statements.

N. Segment Accounting Policy:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker of the Company is responsible for allocating resources and assessing the performance of the operating segments. The Company prepares its segment information in conformity with accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

O. FINANCIAL INSTRUMENTS:

I. FINANCIAL ASSETS:

1. Initial Recognition and Measurement:

All Financial Assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value through Profit or Loss, are adjusted to the fair value on initial recognition. Purchase and sale of Financial Assets are recognized using trade date accounting i.e. the date that the Company commits to purchase or sell the asset.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in Other Income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

2. Subsequent Measurement:

- Financial Assets measured at Amortized Cost (AC):

A Financial Asset is measured at Amortized Cost if

- it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and
- the contractual terms of the Financial Asset give rise on specified dates to cash flows that represent solely payments of principal and interest (SPPI) on the principal amount outstanding.

- Financial Assets measured at Fair Value Through Other Comprehensive Income (FVTOCI):

A Financial Asset is measured at FVTOCI if

**NOTES FORMING PART OF THE ACCOUNTS**

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling Financial Assets and
- the contractual terms of the Financial Asset give rise on specified dates to cash flows that represents solely payments of principal and interest (SPPI) on the principal amount outstanding.

- Financial Assets measured at Fair Value Through Profit or Loss (FVTPL):

A Financial Asset which is not classified in any of the above categories are measured at FVTPL. Financial assets are reclassified subsequent to their recognition, if the Company changes its business model for managing those financial assets. Changes in business model are made and applied prospectively from the reclassification date which is the first day of immediately next reporting period following the changes in business model in accordance with principles laid down under Ind AS 109.

- Investment in Subsidiaries, Associates and Joint Ventures:

The Company accounts for its investments in Subsidiaries, associates, and joint venture at cost less impairment loss (if any). Investments in preference shares with the right of surplus assets which are in nature equity in accordance with Ind AS 32 would treated as separate category of investment and measured as at FVTOCI.

- Other Equity Investments:

All other equity investments are measured at fair value, with value changes recognized in the Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'. However, dividend on such equity investments are recognized in Statement of Profit and loss when the Company's right to receive payment is established.

- Impairment of Financial Assets:

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL). Expected Credit Losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For Trade Receivables the Company applies 'simplified approach' which requires expected lifetime losses to be recognized from initial recognition of the receivables.

The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analyzed.

For other assets, the Company uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is a significant increase in credit risk full lifetime ECL is used.

**NOTES FORMING PART OF THE ACCOUNTS**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- the rights to receive cash flows from the asset have expired or
- Both (1) the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement and (2) either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

II. FINANCIAL LIABILITIES:**1. Initial Recognition and Measurement:**

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost. Fees of recurring nature are directly recognized in the Statement of Profit and Loss as finance cost.

2. Subsequent Measurement:

Financial Liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same or other lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is to be recognized in the statement of profit or loss.

III. FINANCIAL RISK MANAGEMENT:

The Company's activities expose it to variety of financial risks: foreign currency risk, interest rate risk, credit risk, Commodity price risk and liquidity risk. Within the boundaries of approved Risk Management Policy framework, the Company manages volatility and minimize the adverse impact on its financial performance.

a) Foreign Currency Risk:

Foreign Currency Risk is the risk that the Fair Value or Future Cash Flows of an exposure will fluctuate because of changes in foreign currency rates. Exposures can arise on account of the various assets and liabilities which are denominated in currencies other than Indian Rupee. The fluctuation in foreign currency exchange rates may have potential impact on the statement of profit or loss, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the Company. The Company is subject to foreign exchange risk primarily due to its foreign currency revenues, expenses and borrowings.

b) Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will

**NOTES FORMING PART OF THE ACCOUNTS**

fluctuate because of change in market interest rates. The Company is not exposed to any interest rate risk as the interest rates implicit in all the borrowings are fixed in nature.

c) Credit Risk:

Credit risk is the risk that a customer fails to perform or pay the amounts due causing financial loss to the Company. Credit risk arises from dealing in derivatives receivable from customers and other financial instruments. The Company maintains that Credit risk is actively managed through continuous follow-up with the parties and Credit information is regularly shared between businesses and finance function, with a framework in place to quickly identify, respond and recognize cases of credit deterioration.

d) Commodity Price Risk:

Commodity price risk arises due to fluctuation in prices of the major imported raw materials and other products. The company has a risk management framework headed by the managing director, aimed at prudently managing the risk arising from the volatility in commodity prices and freight costs.

e) Liquidity Risk:

Liquidity risk arises from the Company's inability to meet its cash flow commitments on the due date. The company's liquidity is managed centrally with all the departments forecasting their cash and liquidity requirements. Management monitors rolling forecasts of the Company's cash flow position to ensure that the Company is able to meet its financial obligation.

- P.** The company has been accounting for Sales Commission payable to the sales agents only after the realization against the credit sales made against sales agency references. Payments against the same are made after receiving the invoices thereto.
- Q.** There were occasional delays in making of payments to certain Micro and Small Enterprises, and as per the provisions of Section 15 of the MSMED Act, 2006. Liability on account of interest under section 16 of MSMED Act, 2006 on such delayed payments amount to Rs.12.47 Lakhs as on 31-03-2025, and this interest has not been provided in the books of account, and consequently, the profit for the year is overstated to that extent.

vii). CONTINGENT LIABILITIES NOT PROVIDED FOR:

- 1) Letters of Credit established by the HDFC Bank Limited on behalf of the Company- Rs.549.47 lakhs (Previous year – Rs. 495.03 lakhs).
- 2) Bank Guarantees issued by the HDFC Bank Limited on behalf of the company-Rs.5.00 lakhs. (Previous year- Rs.5.00 lakhs).

viii). LITIGATIONS:**a) Closure - Revocation Orders of TSPCB:**

A closure order was issued by TSPCB to the Company on 22-12-2020, for stoppage of plant operations. The company has submitted a total compliance report on 30-04-2021 for the deviations pointed by TSPCB, consequently, the Company has received the final revocation order on 04-02-2022.

b) Application for Enhancement of Production Capacities:

TSPCB claims that as per its “operating guidelines” the factory of the company situated at Aroor(V), Sadashivpet (M), Sangareddy(D), comes under the “Pattancheru-Bollaram Area(P.B.A)” (Stated to be appearing in the list of polluting industries) and the issue is pending at various forums from Supreme Court(1989), High Court (2013), National Green Tribunal(2015) on various issues which are agitated by the Bulk Drugs Manufacturing Association of India (BDMAI) as well as by the company, which is presently in the stage of constituting the Fact - Finding Committee. Also, the company further challenged its location status in the P.B.A. Depending on the outcome of order, a liability may arise in future towards contribution for the “Pattancheru-Bollaram Environment Relief Fund (PBERF)” (@0.5% of the Annual Turnover from FY 2016-17), which is contingent in nature. As per the TSPCB guidelines, enhancement of capacities from the existing 147.50 MT P.A to the current level of operations can be considered only after the deposit of fees of 1% of the previous year's Turnover.

The management is of the view that, suitable decision can be made on payment to PBERF, based on the decisions of the honorable courts.

c) Note on pending Legal Cases :

- a) An application has been filed against the Company under Section 9 of the Insolvency and Bankruptcy Code, 2016 by a Raw Material Supplier before the Hon'ble National Company Law Tribunal (NCLT), Hyderabad in May 2024, alleging a default of ₹239.79 Lakhs including Interest @20% thereon amounting to Rs.9.17 lakhs for the delay in payment. The Company already repaid Rs.190 Lakhs and is willing to pay only the

**NOTES FORMING PART OF THE ACCOUNTS**

balance outstanding towards the supplies, but without interest thereon as demanded. Management is of the opinion that the company is not required to pay any interest as there is no agreement to pay interest and accordingly no provision is made for the interest in the Financial Statements during the FY 2024-25.

- b) Two Legal proceedings have been initiated against the Company under Section 138 of the Negotiable Instruments Act, 1881 by two suppliers for the amounts of Rs.24.10 lakhs and Rs.41.30 lakhs and the matter is pending before the Hon'ble Judicial Magistrate Court(s). In the opinion of the management no contingent liability is arising on these matters and these liabilities are already provided in the books of account. Against these debts the Company had already substantially paid subsequently and the outstanding balances reduced substantially and will be cleared soon.

ix). SUMMARY OF R&D UNDER DEVELOPMENTS

R&D Expenditure	2024-25	2023-24
Particulars	Amount in Lakhs	Amount in Lakhs
R & D Raw Material	37.08	22.26
R & D Consumable Issues	22.67	67.05

Capital Expenditure on R & D Equipment	-	0.82
Utilities	10.66	19.34
Total:	184.93	222.76

The R & D expenditure reduced as compared to previous year, the Company has been incurring expenditure on development of various new products which take a time period of 3 to 5 year gestation for realizing commercial benefit there from. The future economic returns of this product development activity at large is expected to outweigh the expenditure for such development. To match the future revenues with corresponding development cost the present expenditure for the product development is capitalized under the category of "Intangible Asset- Product under Development Expenses" in Balance Sheet.

The expenditure in R&D being intangible in nature, is being amortized on a Straight Line Method, considering the 5 years Life Cycle Period for the R&D Expenditure, with the FY 2023-25 being the Third year of such amortization.

**NOTES FORMING PART OF THE ACCOUNTS****xii). EMPLOYEE BENEFITS:****(a) Post-employment obligations - Gratuity:(Defined benefit):**

- i. The Company provides gratuity for employees as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity benefit. The amount of gratuity payable on retirement/termination is the employees' last drawn basic salary per month computed proportionately for 15 days' salary multiplied for the number of completed years of service. The gratuity plan is a funded plan, and the Company makes contributions, to recognize funds administered by Life Insurance Corporation of India (Insurer), as per IRDA guidelines. Category-wise composition of the plan assets, actuarial assumptions and sensitivity analysis thereto is not available with the company as the same are not shared by the insurer.

The Company has planned to establish a trust to administer its obligation for payment of Gratuity to employees. However, at present the company contributes to the scheme administered by the Life Insurance Corporation of India (Insurer). Every year, the insurer carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such a valuation is to be funded by the Company. The company considers that the contribution rate set at the last valuation date is sufficient to eliminate the deficit over the agreed period and that regular contributions, which are based on service costs, will not increase significantly. The company has not changed the process used to manage the risks from previous years.
